1. No part of this [illegible] or stored in any [illegible] system of any nature without [illegible] except as agreed for use in the project for which the document was originally issued.

2. While every care has been taken in its compilation, Irish Water gives this information as to the position of its underground network as a general guide only on the strict understanding that it is based on the best available information provided by each Local Authority in Ireland to Irish Water. Irish Water can assume no responsibility for and give no guarantees, undertakings or warranties concerning the accuracy, completeness or up to date nature of the information provided and does not accept any liability whatsoever arising from any errors or omissions. This information should not be relied upon in the event of excavations or any other work being carried out in the vicinity of the Irish Water underground network. The onus rests on the persons carrying out excavations or any other works to ensure the exact location of the Irish Water underground network is identified prior to excavations or any other works being carried out. Service connection pipes are not generally shown but their presence should be anticipated.

"Gas Networks Ireland (GNI), their affiliates and assigns accept no responsibility for any information contained in this document concerning location and technical designation of the gas distribution and transmission network ("the Information"). Any representations and warranties express or implied are excluded to the full extent permitted by law. No liability shall be accepted for any loss or damage, including, without limitation, direct, indirect, special, incidental, punitive or consequential loss including loss of profits, arising out of or in connection with the use of the information (including maps or mapping data).

NOTE: CALL BEFORE YOU DIG Phone: 1850 427 747 email: dig@gasnetworks.ie - The actual position of the gas/electricity distribution and transmission network must be verified on site before any mechanical excavating takes place. If any mechanical excavation is proposed, hard copy maps must be requested from GNI in gas. All work in the vicinity of gas distribution and transmission network must be completed in accordance with the current edition of the Health and Safety Authority publication "Code of Practice for Working Near Overhead Lines and Services" which is available from the Health and Safety Authority (1890 289 389) or at www.hsa.ie
