AN BORD PLEANÁLA

LOCAL GOVERNMENT (PLANNING AND DEVELOPMENT) ACTS, 1963 TO 1998

County South Dublin

Planning Register Reference Number: S98A/0464

APPEAL by Siobhan Finn care of Vincent J. P. Farry and Associates of Suite 180, 28 South Frederick Street, Dublin against the decision made on the 4th day of September, 1998 by the Council of the County of South Dublin to refuse permission for development comprising the erection of a dormer bungalow and septic tank at Raheen, Brittas, County Dublin:

DECISION: Pursuant to the Local Government (Planning and Development) Acts, 1963 to 1998, permission is hereby refused for the said development for the reasons set out in the Schedule hereto.

SCHEDULE

1. The site is located in an area designated 'to protect and enhance the outstanding character of the Dublin Mountains Area' and it is the policy of the planning authority as expressed in the current Development Plan for the area, that any development in the area not directly related to its amenity potential or to its use for agriculture should not be permitted. The proposed development would be in conflict with this policy, which is considered reasonable, would seriously injure the amenities of the area and would, therefore, be contrary to the proper planning and development of the area.
2. The proposed development would constitute undesirable ribbon development in a rural area and would, therefore, be contrary to the proper planning and development of the area.
3. The proposed development would endanger public safety by reason of traffic hazard because of additional traffic turning movements onto a substandard road network.
4. The proposed development by reason of its location on an elevated site would interfere with a view of Special Amenity Value, as set out in the current Development Plan for the area, which it is necessary to preserve. The proposed development would, therefore, be contrary to the proper planning and development of the area.

Member of An Bord Pleanála
duly authorised to authenticate
the seal of the Board.

Dated this 1st day of February 1999.

REG REF. S98A/0464

Reasons

- 1 The proposed development is located in an area zoned "to protect and improve high amenity areas", in the 1993 Dublin County Development Plan. It is the policy of the Council that housing will only be permitted in areas of high amenity where the applicant is a native of the area and can demonstrate a genuine need for housing in the area. The applicant has not established a sufficient case in this regard. The proposed development would therefore materially contravene the said zoning objective and would be contrary to the proper planning and development of the area.
- 2 The proposed site does not comply with the recommended standard for minimum road frontage of 60m for residential sites as set down in section 3.3.15 of the 1993 Dublin County Development Plan. The proposed development would therefore be contrary to the proper planning and development of the area.
- 3 The proposed development constitutes undesirable ribbon development on a substandard rural road network, which will lead to a demand for the uneconomic provision of services and would set an undesirable precedent for further similar developments in the area.
- 4 The proposed development would endanger public safety by reason of traffic hazard due to the generation of traffic turning movements at a location where vision is deficient.
- 5 The proposed development would interfere with a view of special amenity value and special interest which it is necessary to preserve as indicated in the 1993 Dublin County
