**Conditions and Reasons**

- 1 The development to be carried out in its entirety in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.  
REASON:  
To ensure that the development shall be in accordance with the permission and that effective control be maintained.
- 2 External roof and wall finishes shall be as indicated on the drawings and shall match the existing building insofar as possible.  
REASON:  
In the interests of visual amenity.
- 3 No foul effluent from the new production facility shall discharge into the existing system until such time as a foul sewer of adequate capacity exists to cater for the proposed development.  
REASON:  
In the interest of proper drainage.
- 4 Applicant shall ensure full and complete separation of foul and surface water systems.  
REASON:  
In the interest of proper drainage.
- 5 No discharge of trade effluent to sewer shall be permitted without the applicant first obtaining from the Environmental Services Department, a licence under Section 16 of Water Pollution Acts 1977 - 1990. If the applicant has an existing licence all discharges shall be in compliance with it.  
REASON:  
In the interest of proper drainage.
- 6 All wastewater from food productions areas and canteen kitchens shall be routed via an appropriate grease trap or grease removal system before being discharged to the public sewer. Full details of this system to be submitted for
