Reasons

- 1 The site of the proposed development is located in an area zoned in the County Development Plan with the objective "to protect and improve rural amenity and to provide for the development of agriculture". It is the policy of the Planning Authority, as set out in the Development Plan Policy RH1, to restrict the spread of one-off housing into the rural, mountain and high amenity zones, in order to protect the character and amenity value of such areas and to promote the achievement of sustainable development. It is considered that the applicant has not demonstrated that the proposed development is in accordance with Council Policy RH1. The proposed development would therefore contravene materially the zoning objective and would be contrary to the proper planning and development of the area.
- 2 The proposed development would contribute to ribbon development; would lead to demands for the uneconomic provision of public services in an area where they are not proposed; would constitute an undesirable precedent for further similar development in the vicinity; and would not be in accordance with the Council's sustainable development objectives. The proposed development would therefore contravene materially the zoning objective, and would be contrary to the proper planning and development of the area.
