Reasons

1. The proposed development would result in a cramped backland form of development which would seriously injure the amenities of property in the vicinity by virtue of overlooking, and which would provide inadequate residential amenity for the prospective occupier.
2. The site is located in an area zoned 'A' in the South Dublin County Development Plan, 1998, the objective for which is 'to protect and/or improve residential amenity'. For the reasons given at 1 above, the proposal would materially contravene this Development Plan objective.
3. Insufficient information has been submitted with respect to proposed foul and surface water drainage arrangements. As such, the proposal may be prejudicial to public health.
