Desmond McCarthy & Company,
Lynwood House,
Ballinteer Road,
Dublin 16.

Re: Proposed retention of widening of existing entrance at
Callanstown Lane, 7th Lock, Killisen Road, Dublin 10, for
Messrs. Scafford Limited.

A Chere,

With reference to your planning application received here on
15th December, 1978, in connection with the above, I wish to inform
you that before the application can be considered under the Local
Government (Planning and Development) Acts, 1963 and 1976, the
following additional information must be submitted in quadruplicate:-

1. There are a number of structures on the site which have not been
shown on the lodged plans and for which no planning permission
would appear to have been granted. Details of existing structures
on the site are required together with details of circulation,
off-street car parking, loading and unloading facilities.
NOTE: In regard to unauthorised structures which the applicant
may wish to retain formal planning permission must be sought
and granted in the usual manner.
2. The relationship between the proposed development and the Road
Reservation which affects portion of this site should be
indicated. In this regard the applicant should consult with the
Roads Engineer.
3. Clarification is required as to the need for the widened access
from Callanstown Lane in view of the existing main access to
the applicant's land.
4. Clarification is required relative to the existing physical
barrier which separates the applicant's site in two. If this
barrier is being retained, then its location should be clearly
identified.

Please mark your reply "Additional Information" and quote the
Register Reference Number given above.

Yours in case,

for Principal Officer,
