P.C. 11226

14th February, 1979.

Desmond McCarthy,  
Consulting Engineer,  
Lynwood House,  
Ballinteer Road,  
Dublin 16.  
-----

Re: Proposed extension to existing shed and retention of revised  
site boundary at Gallenstown Lane, 7th Lock, Killeen Road,  
Dublin 10, for Messrs, Scafform Limited.  
-----

A Chera,

With reference to your planning application received here on  
15th December, 1978, in connection with the above, I wish to  
inform you that before the application can be considered under the  
Local Government (Planning and Development) Acts, 1963 and 1976,  
the following additional information must be submitted in  
quadruplicate:-

1. There are a number of structures on the site which have not  
been shown on the lodged plans and for which no planning  
permission would appear to have been granted. Details of  
existing structures on the site are required together with  
details of circulation, off-street car parking, loading and  
unloading facilities.  
NOTE: In regard to unauthorised structures which the applicant  
may wish to retain formal planning permission must be sought  
and granted in the usual manner.
2. The relationship between the proposed development and the Road  
Reservation which affects portion of this site should be  
indicated. In this regard the applicant should consult with  
the Roads Engineer.
3. Clarification is required as to the need for the widened  
access from Gallenstown Lane in view of the existing main access  
to the applicant's land.
4. Clarification is required relative to the existing physical  
barrier which separates the applicant's site in two. If this  
barrier is being retained, then its location should be  
clearly identified.

Please mark your reply "Additional Information" and quote the  
Register Reference Number given above.

Mine is mess,

  
for Principal Officer.
