Re: Proposed quarrying development and ancillary buildings
(Readymix plant and asphalt plant) at Belard and
Bedleshill, Naas Road, for Roadstone Ltd.

A Chara,

With reference to your Planning Application received on the 7th September, 1970, in connection with the above, I wish to inform you that before the application can be considered under the Local Government (Planning and Development) Act, 1963, the following information must be submitted in triplicate:-

1. Details of the specific proposals for control of air pollution from emission of any fumes and dust, together with noise reduction measures so as to prevent danger to health and injury to amenity are required.
2. Revised details of effluent disposal from the proposed oxidation ditch system so as to prevent contamination or pollution to adjoining stream courses and other lands are required.
3. Details of the phasing of construction and anticipated completion for the proposed underpass and ancillary roads and their relationship to the phasing of the main site works for the quarry plant and constructional materials plant are also required. The applicants must agree the proposed programme with the County Council so as to minimise any disruption to through traffic movements on the Naas Road Dual-carriageway.
4. Clear details of the anticipated volume and size of generated traffic to and from the various access points proposed per day are also required.
5. Details of the proposed surface water disposal are required.

Mise, le Meas,

e.s. Priomh Oifigeach.

Dear Sir,

I refer to your letter and plans received here on the 8th September, 1970 in connection with the above proposed development. The proposed development is not exempted under the Local Government (Planning & Development) 1963 as it would infringe the existing building line. Consequently it will be necessary to apply for Planning Permission.

Yours faithfully,
for Principal Officer.
