Two-story house at building, 1st floor, 1st floor

- (1) That the development be carried out and completed in a timely and satisfactory manner with the plans and specifications being kept with the application, and as to the conditions hereunder with certain exceptions.
- (2) That the details of design of building be made by means of copies sent to the architect with the requirements of the building authority, and that such copies be sent to the architect of the building authority.
- (3) That the front building line of the proposed building shall not be less than 30 feet from the line of the future road improvement, (in the interests of proper planning and development).
- (4) That no further building shall take place on the lots shown inside the green border on the plan submitted with the application, unless permission shall have been obtained for same from the planning authority. (In the interests of proper planning and to preserve amenity).
- (5) That building operations approved shall be obtained and any conditions of such approval shall be observed in the development.
