Proposed Plot of Ground for Erecting Bulldozer's Materials at Washington Lane,

Templeton

- (1) That the implementation of the proposal to change the use of this land for the purpose of erecting bulldozer's materials between small areas serious injury to the quality of the adjoining dwellings. (Now as a bulldozer yard would conflict with the predominantly residential character of the area and not be in accordance with proper planning and development and preservation of quality).
- (2) The proposed change to the site i.e. an overgrown lawn, is unsatisfactory and not in accordance with proper planning and development.
- (3) The additional traffic movements including heavy vehicles would give rise to a serious traffic hazard and danger to the public.
- (4) The retention of the walls, posts and gates which were illegally erected and limit the use of the land for purposes prejudicial to the quality of the neighbourhood is undesirable.
