AN BORD PLEANALALOCAL GOVERNMENT (PLANNING AND DEVELOPMENT) ACTS, 1963 TO 1983County DublinPlanning Register Reference Number: 86A/1207

APPEAL by Kevin Doyle, of 80, Dargle Wood, Knocklyon Road, Dublin, by Peter Sweetman, of 81, Lansdowne Park, Knocklyon Road, Templeogue, Dublin, on behalf of Lansdowne Park and District Residents Association and by Deirdre O'Connor, of 78 Glenvara Park, Ballycullen Road, Knocklyon, Dublin, on behalf of Knocklyon Community Council, against the decision made on the 18th day of November, 1986, by the Council of the County of Dublin, to grant subject to conditions a permission for development comprising revised house types and layout to 22 houses, permitting access to Knocklyon Road, out of a total of 364 houses for which permission was granted by An Bord Pleanala under Reference Number 6/5/63618, on a site at Ballyroan and Scholarstown, Rathfarnham, County Dublin, to Berryfield Limited, care of Delany MacVeigh and Pike, of 1, Clonskeagh Square, Dublin, in accordance with plans and particulars lodged with the said Council:

DECISION: Pursuant to the Local Government (Planning and Development) Acts, 1963 to 1983, it is hereby decided, for the reason set out in the First Schedule hereto, to grant permission for the said development in accordance with the said plans and particulars, subject to the conditions specified in the Second Schedule hereto, the reasons for the imposition of the said conditions being as set out in the said Second Schedule and the said permission is hereby granted subject to the said conditions.

FIRST SCHEDULE

It is considered that, subject to compliance with the conditions set out in the Second Schedule hereto, the proposed development would be in accordance with the proper planning and development of the area.

SECOND SCHEDULE

1. Land expected to be required by the planning authority for road works shall be reserved for that purpose and the boundaries of such land shall be marked out on the ground in consultation with the planning authority before development commences.

Reason: To facilitate anticipated future road works.

SECOND SCHEDULE (CONTD.)

2. The section of the proposed Green Route within the appeal site which is required to serve the proposed development shall be constructed by the developers in accordance with the standards and specifications required for this type of road by the planning authority (including footpaths and verges).

Reason: To ensure the provision of an access road of suitable standard to serve the proposed development and to be integrated satisfactorily with the future road pattern for the area envisaged by the planning authority.

3. The internal roads serving the development shall be constructed in accordance with the requirements of the planning authority.

Reason: In the interest of road safety.

4. (a) The areas shown as public open space on the annotated copy of drawing number C006/SWI2 submitted by the developers at the oral hearing of the previous appeal in relation to the proposed development under An Bord Pleanála Reference Number 6/5/63618, held on 15th November, 1984 shall be reserved for use as such and shall be soiled, seeded, planted, landscaped and bounded in accordance with a detailed scheme to be submitted to and agreed with Dublin County Council before development is commenced, the scheme to include a timetable for the carrying out of the works involved. This timetable shall provide for development of the major parcel of open space of 5½ acres approximately in the first phase of the overall housing development. In default of such agreement, details of the scheme shall be as determined by An Bord Pleanála.
- (b) The scheme shall also include details of the existing trees on the site which are to be retained, together with detailed proposals for the protection of these trees and of the open space area during the construction period.
- (c) Apart from tree and shrub planting on the public open space areas, the site generally shall be planted and landscaped in accordance with a scheme to be submitted to and agreed with the Council or, in default of such agreement, shall be as determined by An Bord Pleanála. This scheme shall include provision for boundary treatment on the road reservations.

SECOND SCHEDULE (CONTD.)

- (d) If the developers and the Council agree that the works required under the terms of part (a) of this condition should be carried out by the Council, the developers shall pay a sum of money to the Council to meet the cost of the works. The amount to be paid and arrangements for payment shall be as agreed between the developers and the Council or, failing agreement, shall be as determined by An Bord Pleanála.

Reason: In the interests of visual and residential amenity.

5. The developers shall pay a sum of money to Dublin County Council as a contribution towards the Council's expenditure on the provision of a public water supply and piped sewerage facilities in the area and towards the improvement of surface water facilities to facilitate the proposed development. The amount to be paid and the time and method of payment shall be agreed between the developers and the said Council before the development is commenced or, failing agreement, shall be as determined by An Bord Pleanála.

Reason: The provision or improvement of such services in the area by the Council will facilitate the proposed development. It is considered reasonable that the developers should contribute towards the cost of providing or improving the services.

6. Before the development is commenced, the developers shall lodge with the Dublin County Council a cash deposit, a bond of an insurance company or other security to secure the provision and satisfactory completion and maintenance until taken in charge by the said Council of roads, footpaths, sewers, watermains, public open spaces, public lighting and other services required in connection with the development, coupled with an agreement empowering the said Council to apply such security or part thereof for the satisfactory completion or maintenance as aforesaid of any part of the development. The form and amount of the security shall be as agreed between the planning authority and the developers or, failing agreement, shall be as determined by An Bord Pleanála.

Reason: To ensure the satisfactory completion of the development.

7. Access for vehicular or constructional traffic shall not be permitted directly to Ashton Grove; a pedestrian facility only shall be provided. Details of the pedestrian path and any necessary ancillary planting and landscaping immediately adjoining the boundary with Ashton Grove shall be submitted to and agreed with Dublin County Council prior to the commencement of development.

Reason: In the interest of the proper planning and development of the area.

SECOND SCHEDULE (CONTD)

8. The pedestrian way between plots numbers 352 and 353 shall be omitted from the development.

Reason: In the interest of the proper planning and development of the area.

9. (a) The developer shall submit proposals for serving the site directly from Knocklyon Road by way of a new road having a T-junction approx. 90 metres north of the riding stables. The horizontal and vertical alignments of this road shall be agreed with Dublin County Council before development work begins on site. The developer shall be responsible for the construction and full cost of this new road.
- (b) The new access road shall be extended southwards to join road number 4 and road number 2 shall be cul-de-saced.
- (c) The applicant shall satisfy the planning authority that he has control over the necessary lands required for the new road.

Reason: In the interest of the proper planning and development of the area.

10. Screen walls (in brick or block), at least 2 metres in height and suitably capped and rendered, shall be erected at such locations as may be required by the planning authority so as to screen rear gardens from public view.

Reason: In the interests of visual and residential amenity.

11. The water supply and drainage arrangements, including disposal of surface water, shall comply with the requirements of Dublin County Council for such services and works.

Reason: To ensure the satisfactory provision of these services.

12. All public services to the proposed development, including electrical and telephone equipment, shall be located underground throughout the site.

Reason: In the interest of the visual amenities of the area.

SECOND SCHEDULE (CONTD.)

13. Public lighting shall be provided in accordance with the planning authority's standard requirements for such a service.

Reason: To ensure that street lighting of adequate standard is provided.
