RE. ON FOR REFUSAL:-

(C)

The site is within an area zoned for residential uses. Under the provisions of the Draft Development Plan commercial use is not permissible on the premises. Retention of these structures would seriously injure the amenities of adjoining residential properties.

(PER DER OF THE MINISTER FOR LOCAL GOVERNMENT).

SCHER (E)

REASC FOR REFUSAL

(1) Minister considers as reasonable the view of the planning authority that the area in which the site is located should be zoned for residential use in the development plan and that the retention of the structures would be inconsistent with this zoning and would seriously injure the amenities of adjoining residential properties.
