Conditions

- (1) That the development to be carried out and any other work connected with the plant and any other work required to be done on the land shall be carried out in accordance with the conditions set out in the report of the Planning Committee dated 15th June, 1964, in respect of the quantity of sewage effluent and the capacity of the treatment tanks (4,000 gallons per day) on the proposed number of employees in the factory.
- (2) That the site shall be landscaped in accordance with the approved plans and to the satisfaction of the County Council.
- (3) That the Planning Department approval shall be obtained and any modification of such approval shall be approved in the development.

Conditions for Conditions

- (1) To ensure that the development shall be in accordance with the provisions of the Planning Act and any other statutory provisions.
- (2) In order to control the discharge of effluent into the existing public sewer in the interests of public health.
- (3) In the interests of public safety.
- (4) In order to comply with Building Regulations 1970-1974.
