LOCAL GOVERNMENT (PLANNING AND DEVELOPMENT) ACTS, 1963 TO 1983

County Dublin

Planning Register Reference Number: X.A. 126

APPEAL by Tern Houses (Brennanstown) Limited of Lonsdale House, Avoca Avenue, Blackrock, County Dublin, against the decision made on the 26th day of March, 1982, by the Council of the County of Dublin, to grant subject to conditions a permission for the construction of 496 houses and ancillary site works on a site at Ballyowen, Lucan, County Dublin, in accordance with plans and particulars lodged with the said Council:

DECISION: Pursuant to the Local Government (Planning and Development) Acts, 1963 to 1983, it is hereby decided, for the reason set out in the First Schedule hereto, to grant permission for the construction of the said 496 houses and site works in accordance with the said plans and particulars, subject to the conditions specified in the Second Schedule hereto, the reasons for the imposition of the said conditions being as set out in the said Second Schedule and the said permission is hereby granted subject to the said conditions.

FIRST SCHEDULE

Provided the conditions set out in the Second Schedule hereto are complied with, it is considered that the proposed development would accord with the proper planning and development of the area.

SECOND SCHEDULE

1. The developers shall pay a sum of money to the Dublin County Council as a contribution towards the provision of a public water supply and piped sewerage facilities in the area. The amount to be paid and the time and method of payment shall be as agreed between the developers and the said Council before the development is commenced, or, failing agreement, shall be as determined by An Bord Pleanála.

Reason: The provision of such services in the area by the Council will facilitate the proposed development. It is considered reasonable that the developers should contribute towards the cost of providing the services.

Contd./....

SECOND SCHEDULE

2. Before the development is commenced, the developers shall lodge with the Dublin County Council a cash deposit, a bond of an insurance company or other security to secure the provision and satisfactory completion, and maintenance until taken in charge by the said Council, of roads, footpaths, sewers, watermains, drains, public open spaces, public lighting and other services required in connection with the development, coupled with an agreement empowering the said Council to apply such security or part thereof for the satisfactory completion or maintenance, as aforesaid, of any part of the development. The form and amount of the security shall be agreed between the planning authority and the developers or, failing such agreement, shall be as determined by An Bord Pleanála.

Reason: To ensure the satisfactory completion of the development.

3. All public services for the proposed development, including electrical, communal television and telephone cables and equipment, shall be located underground throughout the site.

Reason: In the interests of visual amenity.

4. Public lighting shall be provided in accordance with the planning authority's standard requirements for such a service.

Reason: To ensure that street lighting of adequate standard is provided.

5. Arrangements for the provision of foul sewerage and surface water drainage facilities, and for the provision of a water supply to serve the proposed development shall be in accordance with the detailed requirements of the planning authority, such arrangements to provide for foul sewers and surface water drains of such sizes and gradients as may be required by the planning authority, the acquisition by the developers of any rights or wayleaves over land not under their control which may be necessary to enable them to carry out any of the works involved and a time-table for the commencement of construction of any houses that would be within 50 metres of any proposed County Council sewer or sewers affecting the proposed development.

Reason: In the interests of orderly development and public health.

6. Screen walls (in brick or block or similar durable materials) not less than 2 metres high and suitably capped and rendered shall be provided at such locations as may be required by the planning authority to screen rear gardens from public view.

Reason: In the interests of visual and residential amenity.

Contd./....

SECOND SCHEDULE (Contd.)

7. (a) The areas to be reserved for use as public open space shall be soiled, seeded, planted and landscaped in accordance with a detailed scheme to be submitted to and agreed with the planning authority, the scheme to include (i) details of boundary treatment between the open space area on the south-east of the site and the adjoining house plot, and (ii) a time-table for the carrying out of the works proposed in the scheme.
- (b) Street planting and landscaping shall also be carried out in accordance with a scheme to be submitted to and agreed with the planning authority, the scheme to include a time-table for the carrying out of the works proposed in the scheme.
- (c) If it is agreed between the developers and the planning authority that the authority should assume responsibility for the carrying out of the works referred to at (a) and (b) above, the developers shall be responsible for payment to the authority of the costs involved, the amount to be paid and arrangements for payment to be as agreed between the developers and the authority.
- (d) Areas to be developed as public open space shall not be used for the location of builders' compounds or site offices, or for the disposal or deposit of materials (save as may be agreed with the planning authority) and the areas shall be kept in a clean and tidy state until their development in accordance with the terms of (a) above.

Reason: In the interests of the amenities of future residents of the houses and of the area generally.

8. A minimum separation distance of 7 feet, 6 inches, shall be provided between flanks of houses.

Reason: To facilitate proper maintenance of the houses, and to allow clear access to the rear of houses.

9. Save as otherwise provided for in drawing number 46B lodged with the application, in relation to houses facing or flanking the proposed open space area to the east of the road described as Earlsfort Road, each front garden shall have a minimum depth of 25 feet and each rear garden shall have a minimum depth of 35 feet.

Reason: In the interests of residential amenity.

10. No housing development on foot of this permission shall be commenced until the section of the new local distributor road between the Newlands/Fonthill Road and the access to the site at the road referred to as Earlsfort Road has been constructed to the satisfaction of the planning authority and is available for use by the developers. The junction of the distributor road with the access road shall be designed and constructed in accordance with the detailed requirements of the planning authority.

Reason: In the interests of road safety.

SECOND SCHEDULE (Contd.)

11.(a) Subject to (b) below, the developers shall pay a financial contribution of £1,400 per house to Dublin County Council towards the cost of the provision of a satisfactory public road network in the area. Arrangements for payment of the amount involved shall be as agreed between the developers and the planning authority before development is commenced, or, failing agreement, shall be as determined by An Bord Pleanála.

(b) The amount of the contribution to be paid in accordance with the terms of (a) above shall be subject to a deduction in respect of any works that may be undertaken by the developers on the construction (to the detailed requirements of the planning authority) of any portion of the new distributor road along the southern boundary of the site, the amount of the deduction to be as agreed between the developers and the planning authority or, failing agreement, as may be determined by An Bord Pleanála.

Reason: It is considered reasonable that the developers should contribute towards the cost of the improvement of the public road network in the area which will facilitate the proposed development.

12. Footpaths shall be provided by the developers from the northern end of the road referred to as Earlsfort Park and from the southern end of the road referred to as Ash Crescent to the western boundary of the site in accordance with the detailed requirements of the planning authority.

Reason: In the interests of orderly development and pedestrian convenience.

13. The part of the site expected to be required in connection with the provision of community facilities to the east of the road described as Ash Road shall be reserved for those purposes.

Reason: To facilitate the orderly and comprehensive development of the area.

Contd./.....

SECOND SCHEDULE (Contd.)

14. The layout of the northern part of the site (i.e. that part served by the roads referred to as Beech View, Ash Road, Ash Avenue, Ash Crescent, Ash Park, Ash Lawns and Ash Drive) shall be redesigned. No development shall take place on this part of the site until a revised layout has been approved by the planning authority, or by An Bord Pleanála on appeal.

Reason: The proposed layout would result in a poor quality, substandard residential environment in that:-

(i) it constitutes a rectangular grid-type development with lengthy residential roads;

(ii) it makes inadequate use of culs-de-sac and curved roads to create a safer and more interesting environment, and

(iii) it makes inadequate provision for grouping houses into smaller units which could facilitate the creation of a sense of community.

15. The distribution of specific house types throughout the site shall be as agreed between the developers and the planning authority or (in default of agreement) as may be determined by An Bord Pleanála before any houses are constructed.

Reason: To ensure a satisfactory house mix in the interests of the orderly and socially desirable development of the area.
