Individual members of the at present state

- (1) There are no sewage facilities available to serve the proposal.
- (2) The proposal would be injurious to the quality of the adjoining residential development.
- (3) The mass of access to the common road would constitute a serious traffic hazard, because of absence of adequate visibility on to a narrow road.
- (4) The proposed development would be premature by reason of the said existing deficiency in the provision of sewage facilities and the period within which such deficiency may reasonably be expected to be made good.
