Design of Northway Bathrooms

- (1) There is no public sewer or water supply available to serve the proposal.
- (2) The proposed development would be premature by reason of the said existing deficiency in the provision of sewage facilities and the period within which such deficiency may reasonably be expected to be made good.
- (3) The proposal would not be in accordance with the proper Planning and Development of the area, which is predominantly rural in character. The proposal constitutes undesirable ribbon development on this narrow rural road.

NOTE: You are advised to consult with the Survey Department, Ghorell Square, if any further submission is contemplated.
