Conclusions

- (1) That the Department, in carrying out and applying strictly its regulations with the plans and specifications adopted with the applicant.
- (2) That the requirements of the Committee may be strictly adhered to in the development.
- (3) That such applicant be informed that the local health officer is of the opinion that the ground shown and surrounding the residential area may become contaminated if handling is not strictly in accordance with the regulations proposed. The construction of such a development of the public health would be a health hazard.

Recommendations

- (1) To require that the development shall be in accordance with the proposed plans and specifications submitted.
- (2) In the interests of public safety and the health of the community.
- (3) To issue the license of the local health officer.
