Proposed Extension of Mannheim-Ludwigshafen Railway

1. The proposed development would result in an increase of ribbon development in this rural area, in an area of high energy and recreational activity and would seriously injure the beauty of the area.
2. Public piped services are not available to serve the proposed.
3. The proposed development would be prohibited by reason of the said existing ordinance in the provision of water supply and sewage facilities and the parcel with which such facilities are probably be expected to be made good.
