Dear Sir/Madam, With reference to your planning application, received on 09/09/99 in connection with the above, I wish to inform you that before the application can be considered under the Local Government (Planning & Development) Acts 1963-1993, the following ADDITIONAL INFORMATION must be submitted in quadruplicate:

- With regard to the extended scale and two storey nature of 1 the proposal, the applicant shall clarify the visual impact of the proposal on the adjacent area. This information is required as it is considered by the Planning Authority, in view of the prominence of this junction and the staggered building line of adjacent properties, that the proposal would be out of character with the pattern of development in the area. The applicant shall also provide for a more sympathetic design to the front elevation which would be more in character, in regard to the proportions of the window and door opes, with the existing building.
