REG REF. S99A/0061

Reasons

- 1 The site of the proposed development is located in an area which is subject to the zoning objective 'B' - "to protect and improve rural amenity and to provide for the development of agriculture" in the current County Development Plan. Table 3.4 of the said plan indicates that advertisements and advertisement structures are not permitted in such areas. The proposed development by its nature would therefore materially contravene the zoning objective for the area.
- 2 The proposed development which would be an intrusive feature on the landscape would interfere with a view which it is an objective of the current Development Plan to preserve and would be seriously injurious to rural amenity. The proposed development would therefore be contrary to the proper planning and development of the area.

NOTE: The applicants are advised to contact the Planning Department to discuss the issue of providing suitable signage for the school.
