(MD/BB)

Report of Dublin Planning Officer dated 25th June, 1991.

This is an application for PERMISSION for material and elevational change and reduction in size to service yard to already approved factory unit at the IDA Business Park, Whitestown, Tallaght, for March Properties Ltd.

The site area is stated to be 4,863 sq. metres, the floor area of buildings proposed to be retained within the site is 1,415 sq. metres.

By decision order P/281/91, Reg. Ref. 90A/2119, planning permission was granted for an extension to the rear of an already approved factory unit, including relocation of permitted internal treatment works at the I.D.A. Business Park, Whitestown, Tallaght for March Properties on this site.

By decision order P/1176/90, reg. ref. 90A/112, planning permission was granted

By decision order P/1176/90, reg. ref. 90A/112, planning permission was granted for a factory unit at the I.D.A. Business Park, Whitestown, Tallaght for March Properties Ltd.

The two applications granted on this site involved proposed factory building to be used for electoplating of metals with nickel, tin, chrome, silver and copper. The effluent from this was subject to a licence under the Water Pollution Act, 1977. The agent for the applicant has informed me that the planning withdrew from this unit.

Alterations to the permitted development include (1) a change of material from fortcrete block and curtain walling to a selected brick facade with re-arranged fenestration to the front and side elevation. (2) A reduction in size to the approved service yard. (3) The omission of all plating facilities and associated treatment works.

The proposed elevational changes are largely acceptable. The Maryl Hours

## COMHAIRLE CHONTAE ATHA CLIATH

## Record of Executive Business and Manager's Orders

Reg.Ref: 91A/0806

Page No: 0002

Location: IDA Business Park, Whitestown, Tallaght

I recommend that a decision to GRANT PERMISSION be made under the Local Government (Planning and Development) Acts, 1963-1990 subject to the following ( | ) conditions:-

#### CONDITIONS / REASONS

- 01 The development to be carried out in its entirety in accordance with the plans, particulars and specifications lodged with the application as may be required by the other conditions attached hereto. REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
  - 02 That before development commences, approval under the Building Bye- Laws be obtained and all conditions of that approval be observed in the development. REASON: In order to comply with the Sanitary Services Acts, 1878-1964.
  - 03 That the requirements of the Supervising Environmental Health Officer be ascertained and strictly adhered to in the development. REASON: In the interest of health.
  - 04 That the requirements of the Chief Fire Officer be ascertained and strictly adhered to in the development. REASON: In the interest of safety and the avoidance of fire hazard.
  - 05 Adequate provision is to be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons. The minimum requirements to be provided shall be as set out in "Access for the Disabled - Minimum Design Criteria" published by the National Rehabilitation Board.

REASON: In the interest of safety and amenity.

- 06 That all details and type of external finishes of the building including colour, texture and materials are to be agreed in writing with the Planning Authority before any development commences.
- 06 REASON: In the interest of the proper planning and development of the
- 07 That the water supply and drainage arrangements, including the disposal of surface water, be in accordance with the requirements of the county Council.

#### NOTES

- 1. An appeal against the decision may be made to An Bord Pleanala. The applicant may appeal within one month from the date of receipt by him of this notification. ANY OTHER PERSON may appeal within twenty one days beginning on the date of this decision.
- 2. An appeal shall be in writing and shall state the subject matter and grounds of appeal. It should be addressed to:-

An Bord Pleanala, Blocks 6 and 7 Irish Life Centre, Lower Abbey Street, Dublin 1.

- 3.An appeal lodged by an applicant or his agent with An Bord Pleanala will be invalid unless accompanied by the prescribed fee.
- (a) An appeal against a decision relating to commercial development by the person by whom the application was made must be accompanied by a fee of £100 (one hundred Pounds).
- "Commercial Development" means development for the purposes of any professional, commercial or industrial undertaking, development in connection with the provision for reward of services to persons or undertakings, or development consisting of the provision of two or more dwellings, but does not include development for the purposes of agriculture.
- (b) An appeal other then an appeal mentioned at (a) above, including third party appeal must be accompanied by a fee of £50 (fifty pounds)
- (c) A party to an appeal making a request to An Bord Pleanala for an Oral Hearing of an appeal must, in addition to the prescribed fee, pay to An Bord Pleanala a fee of £50 (fifty pounds).
- (d) A person who is not a party to an appeal must pay a fee of £15 (fifteen pounds) to An Bord Pleanala when making submissions or observations to An Bord Pleanala in relation to an appeal.
- 4.If the Council makes a decision to grant permission/approval and there is no appeal to An Bord Pleanala against this decision, PERMISSION/APPROVAL will be granted by the Council as soon as may be after the expiration of the period for the taking of such an appeal. If every appeal made in accordance with the Acts has been withdrawn, the Council will grant the PERMISSION/APPROVAL after the withdrawal.
- 5. Approval of the Council under the Building Bye-Laws must be obtained and the terms of the approval must be complied with in the carrying out of the work before any development which may be permitted is commenced.

RE: PLANNING AND BYE LAW FOR MATERIAL AND ELEVATIONAL CHANGE WITH A REDUCTION IN SIZE TO SERVICE YARD TO ALREADY APPROVED FACTORY AT L.D.A. BUSINESS PARK, WHITESTOWN, TALLAGHT, CO. DUBLIN

PLANNING REF: 91A0806 - 20 MAY 1991

#### Dear Madam

On behalf of our clients March Properties Limited, please find enclose a unsolicited submission of additional information which incorporates a change of elevation.

The reason for this sudden change in elevation is due to the fact that subsequent to our application to yourselves for Planning Permission a copy of the elevations were sent to the I.D.A. for approval.

As a result the I.D.A. have requested that we alter the elevations away from traditional industrial style building and to up grade the entrance to the offices.

Cont/d...

Prepared by:

The Ambrose Kelly Partnership, Architects, Fleming's Court. Fleming's Place, Dublin 4.

March, 1991.

THE PERSON NAMED IN COLUMN TO THE PE

## External Walls/Windows/Doors

To consist of plastisol horizontal metal cladding on steel framing with thermal insulation and plastisol liner sheets on the inner face to production area elevations incorporating 2m. high painted fairfaced block fender walls internally.

Clay brick and block inner leaf with brick columns to office elevation.

Windows/Doors to consist of anodised aluminium or PVC to selected colour.

Loading dock door to be sectional roller shutter type.

Walls to service yard to be brick and block cavity construction.

External Walls Windows Doors, Contd.

Liading dock to be sectional roller shutter type.

Walls to yard to be faced on the outer side with brick fairfaced concrete block to the inner side of the yard.

#### Roof Finish

TMF 35mm profiled colorcoat galvanised sheeting on 100mm mineral worl on colorcoat lining sheet on multibeam galvanised steel purlies spanning between portal frame with 10% translucent sheeting.

## Internal Mails Doors

To consist of painted fairfaced concrete blockwork to office walls facing production/warehouse areas. All office walls to be emulsion rainted on bardwall plaster. Toilet walls plastered and finished with ceramic glazed tiles standard 150m x 150mm.

Internal dears to consist of gloss painted standard flush doors to cluding fire rated doors to stairs and between compartments to meet Fire Prevention requirements.

## Floor Finishes

Vinyl tiles to toilets, office and entrance hall including mattwell. Painted softwood skirting boards to offices wi he patent vinyl skirtings to toilets.

## Internal Wall Finishes

To generally consist of emulsion painted fairfaced blockwork to the production areas and emulsion painted plastered walls to offices.

Structural steel frame in production area to be gloss paint.
Internal cladding lining sheets and soffite of metal roof dock self-finished.

## Ceiling Firsthes

Patent suspended acoustic tiles to offices and toilets. Exposed ceiling in production area.

#### Siteworks

Car parking and parking access to consist of tarmacadam finish on hardcore.

Paved area at main entrance to consist of precast paving slabs.

Path about building to consist of graded pebbles on blinding on hardcore.

Landscaping to consist of grassed areas as shown on the drawings and to include a selection of deciduous and conferous trees, evergreen and flowering shrubs and groundcovers to detailed layout and outlined on site layout drawing. It should be noted that it is not intended to provide any boundary fencing to the site as the overall concept for the development is open-plan.

Provision has also been made for 100% expansion of the building.

#### Pralaace

Foul sewer to be connected via drop manhole to existing main sewer adjoining the site and surface water from roof, car parking, loading dock and yard to be connected to existing stormwater drain as shown on drawing.

## Mechanical Instillation

## <u>Design:</u>

The heating systems will maintain the following internal conditions while the external air temperature is -1°C and while operating continuously at normal full load.

Toilets etc. : 18°C

Offices : 21°C

## Office Heating

The offices would be heated by electrical storage type heaters.

The second secon

## Hot, Cold & Mains Water Services:

Hot, cold and mains water services including galvanised cold water storage tank. Cistern type electric water heating and light gauge copper distribution pipework to sanitary fixtures.

## Sanitary Ware and Soils & Wastes Services:

Sanitary ware shall be by Armitage Shanks Ltd., or equal and to include P.V.C. soil, waste and vent pipes.

## Noins Water & Fire Fighting Installation:

Fixed type fire hose reels to be installed, served individually off external P.V.C. ring main with internal pipework connection in copper tubing. P.V.C. ring main to be installed complete with fire hydrants to Fire Officer's requirements.

Incoming water main to be installed together with water meter and main isolating and by-pass valves.

## Extract Ventilation Toilets, Locker Room and Canteen:

The toilet and internal areas would be mechanically ventilated by means of ducted extract systems to provide for six air changes per hour.

## Electrical Installation

## Main Feard and Sub Mains

A cubicle type main switch board factory assembly to consist of control of the proposed electrical installation. Sub main cables to extend from the main board to a sub distribution board for the control of the office area only.

## Lighting Installation

The lighting installation in the production area will consist of galvanised lighting trunking with twin reflector fittings mounted on same to provide a lumen output of 400 Lux. The installation in the office area will be carried out in galvanised conduit and P.V.C. cables concealed throughout and all fittings shall be durface mounted, giving a lument output of 500 Lux.

## General Service Socket Installation

General service socket installation to be carried out in galvanised conduit and P.V.C. cables concealed throughout, and to include twin sockets in the office area and flush floor trunking in the office area and connected to the conduit system for future wiring.

## Emergency Lighting Installation

Emergency lighting installation to be by means of self contained units. Exit signs shall be provided over the exit doors in the production area and exit signs shall also be provided for in the office area.

## Fire Alarm Installation

A manually operated fire alarm system to be provided in the office area only.

## Gutside Listing

External Lighting Shall consist of free standing columns with lanterns. The installation to be carried out in underground F.V.C. SWA cable extending from the main board.
