Development : change of use of unit no. 4 from office to medical and related consultant use at already approved development

Location : Newlands Cross, Clondalkin

Applicant : Medusa Building Co.

App. Type : Permission

Zoning :

(MG/DK)

Report of the Dublin Planning Officer dated 11th April, 1991.

This is an application for change of use from office to medical and related consultant use at already approved development at Newlands Cross, Clondalkin for Medusa Building Co.

There is a current application for a similar change of use at unit No. 5 (to dentists surgery) under Reg. Ref. No. 91A-0238. The proposed site is located at the junction of the Naas Dual Carriageway and Newlands Road in an area zoned A "to protect and/or improve residential development."

This site has been the subject of several planning applications and permission for various commercial development were refused under the following Reg. Refs.: F 1798, H 2248, K 2749 and 89A-343.

Planning permission was granted in December, 1990, (by material contravention for an office development at this site). Lodged plans provided for a two storey crescent shaped building of floor area 1,420 sq. m. comprising 14 no. office units. The site layout map submitted identified 58 no. car parking spaces in the forecourt area to the front of the building. This is slightly more than that required to serve an office development of this size (57 no.). Access to the site is to be from Newlands Road, although a condition (no. 11) of this permission stipulated that no development was to take place pending the construction of the Newlands Fonthill Road (slot Road) and the downgrading of the New Road to cul de sac status. This condition also stated that development shall be permitted if a satisfactory temporary access arrangement can be taken from the site to slip road to the south. This was to be subject to the written agreement of the planning authority. No details have been submitted by the

COMHAIRLE CHONTAE ÁTHA CLIATH

Record of Executive Business and Manager's Orders

applicant on Reg. Ref. No. 90A-1503, in this regard.

The current application provides for the use of unit no. 4 for medical/related consultant use. The planning application form states that it is to be used as a doctors surgery. No details are included regarding the number of practitioners to use the unit or indeed the intended hours of operation, etc. Unit 4 has a total floor area of 145.5 sq. m. Lodged plans do not indicate the breakdown of this internal space into possible surgery/reception areas etc.

As stated the proposed site is located in an area zoned A "to protect and/or improve residential amenity". A medical use such as a doctors or dentists surgery is open for consideration within such a zone and would be compatible with the approved office use at this site.

Car parking requirements for doctors/dentists, etc., are calculated on the basis of 2 cars spaces per consulting room. As stated the applicants have not indicated the number of consulting rooms intended (if more than one). This should be clarified by additional information so as to control any future intensification of use.

The proposed use will provide for a different pattern of traffic movement than the already approved offices. This is of significance given the possibility of a temporary access being provided to the slip road at Newlands Cross.

I recommend that ADDITIONAL INFORMATION be requested from the applicant with regard to the following:-

- 01 The proposed site is located at the junction of New Road and the Naas Dual Carriageway. Condition No. 11 of Reg. Ref. No. 90A-1503 provided for the possibility of temporary access onto the slip road adjacent to the Naas Dual Carriageway. A medical/consultant use would result in a pattern of traffic movement which differs from that at the previously approved offices. No details are included in the current application as to the level of intensity of use proposed. The applicant is requested to clarify whether unit No. 4 is to be used by one or more medical consultants and the likely catchment area and hours of operation of such a use. (It is noted that lodged plans do not provide for a breakdown of internal space).

Dear Sir/Madam,

With reference to your planning application, received here on 25.02.91 in connection with the above, I wish to inform you, that before the application can be considered under the Local Government (Planning and Development) Acts 1963 - 1990, the following additional information must be submitted in quadruplicate:-

- 01 The proposed site is located at the junction of New Road and the Naas Dual Carriageway. Condition No. 11 of Reg. Ref. No. 90A-1503 provided for the possibility of temporary access onto the slip road adjacent to the Naas Dual Carriageway. A medical/consultant use would result in a pattern of traffic movement which differs from that at the previously approved offices. No details are included in the current application as to the level of intensity of use proposed. The applicant is requested to clarify whether unit No. 4 is to be used by one or more medical consultants and the likely catchment area and hours of operation of such a use. (It is noted that lodged plans do not provide for a breakdown of internal space).

Please mark your reply "ADDITIONAL INFORMATION" and quote the Reg. Ref. No. given above.

Yours faithfully,

A handwritten signature in dark ink, appearing to be 'M. J. ...', written over a dotted line.

LOCAL GOVERNMENT (PLANNING & DEVELOPMENT) REGULATIONS 1977 to 1984.

Outline of requirements for applications for permission or Approval under the Local Government (Planning & Development) 1963 to 1983. The Planning Acts and Regulations made thereunder may be purchased from the Government Publications Sales Office, Sun Alliance House, Molesworth Street, Dublin 2.

1. Name and Address of applicant.
2. Particulars of the interest held in the land or structure, i.e. whether freehold, leasehold, etc.
3. The page of a newspaper, circulating in the area in which the land or structure is situate, containing the required statutory notice. The newspaper advertisement should state after the heading Co. Dublin.
 - (a) The address of the structure or the location of the land.
 - (b) The nature and extent of the development proposed. If retention of development is involved, the notice should be worded accordingly. Any demolition of habitable accommodation should be indicated.
 - (c) The name of the applicant.

NB. Applications must be received within 2 weeks from date of publication of the notice.
4. Four (4) sets of drawings to a stated scale must be submitted. Each set to include a layout or block plan, proposed and existing services to be shown on this drawing, location map, and drawings of relevant floor plans, elevations, sections, details of type and location of septic tank (if applicable) and such other particulars as are necessary to identify the land and to describe the works or structure to which the application relates (new work to be coloured or otherwise distinguished from any retained structures). Buildings, roads, boundaries and other features bounding the structure or other land to which the application relates shall be shown on site plans or layout plans. The location map should be of scale not less than 1: 2500 and should indicate the north point. The site of the proposed development must be outlined in red. Plans and drawings should indicate the name and address of the person by whom they were prepared. Any adjoining lands in which the applicant has an interest must be outlined in blue.
5. In the case of a proposed change of use of any structure or land, requirements in addition to 1, 2, & 3 are.
 - (a) a statement of the existing use and the proposed use, or, where appropriate, the former use and the use proposed.
 - (b) (i) Four (4) sets of the drawings to a stated scale must be submitted. Each set to consist of a plan or location map (marked or coloured in red so as to identify the structure or land to which the application relates) to a scale of not less than 1:2500 and to indicate the North point. Any adjoining lands in which the application has an interest must be outlined in blue.
 - (ii) A layout and a survey plan of each floor of any structure to which the application relates.
 - (c) Plans and drawings should indicate the name and address of the person by whom they were prepared.
6. Applications should be addressed to: Dublin County Council, Planning Department, Irish Life Centre, Lr. Abbey Street, Dublin 1, Tel. 724755.

SEPTIC TANK DRAINAGE: Where drainage by means of a septic tank is proposed, before a planning application is considered, the applicant may be required to arrange for a trial hole to be inspected and declared suitable for the satisfactory percolation of septic tank effluent. The trial hole to be dug seven feet deep at or about the site of the septic tank. Septic tanks are to be in accordance with I.I.R.S. S.R. 6:75.

INDUSTRIAL DEVELOPMENT:

The proposed use of an industrial premises should, where possible, be stated together with the estimated number of employees, (male and female). Details of trade effluents, if any, should be submitted.

Applicants to comply in full with the requirements of the Local Government (Water Pollution) Act, 1977 in particular the licencing provisions of Sections 4 and 16.

Dear Sirs,

Re: **Unit no. 4 Newlands Cross, Clondalkin, Co. Dublin.**
Change of use to Medical and Related Consultants Use.

I hereby on behalf of my clients Medusa Building Company apply for Planning Permission under the Local Government, Planning and Development Acts 1963 - 1983 for the above proposed development.

In support of this application I submit the following documentation:-

- 4 copies of drawings no. 90.19.01.
- Page from Irish Press dated 16th February, 1991.
- Cheque in amount of £40.00.

In considering this application I wish to draw your attention to the following points:-

1. Planning Permission for an office development on this site was granted by Dublin County Council on 31st January, 1991 following a Material Contravention process. Decision Order No. : P/545/91. Reg. Ref. No. : 90A/1503.

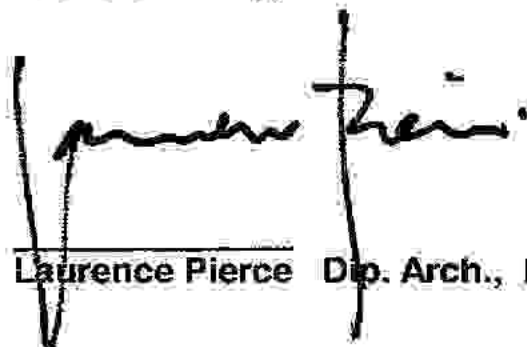

The development granted Planning Permission was a two storey crescent shaped building divided into a number of self contained office units. Particular users could not be specified at that time and it is only in the post planning period that specific users may be more readily identified.

2. Following enquiries for the possible use of part of the development for doctors surgery the current proposal for the above change of use is now being processed.
3. This proposal for a change of use from the permitted office to a medical related use is not considered to be in contravention of the proper planning and development of the area. In fact it is contended that it is consistent with the specific zoning objective for the area. It is also considered to be compatible with the office use of the remainder of the development and will integrate the development in its context to a greater extent.

4. An application for a change of use of unit no. 5 to a dentists surgery is being lodged concurrently.
This is seen as being compatible with the current application.

I trust the above proposal meets with your approval and I look forward to your decision in due course.

Yours faithfully,

Laurence Pierce Dip. Arch., M.R.I.A.I.
