(MG/CM)

Report of the Dublin Planning Officer, dated 2nd August, 1991.

This is an application for permission to refurbish a bus shelter adjoining St. Lomans Hospital, on Lucan Road.

Lodged plans indicate a 1.4 metre by 4.1 metre bus shelter to be located in the same position as the existing bus shelter at this location. This is to be illuminated by means of (1) an internally illuminated side panel and (2) fluorescent roof lights.

Roads Department report states no objection subject to conditions. These include that the side panel be removed so as not to obscure vision at a nearby entrance.

I recommend that a decision to Grant Permission be made under the Local Government (Planning and Development) Acts, 1963-1990, subject to the following ( ) conditions:-

C O N D I T I O N S / R E A S O N S

01 The development to be carried out in its entirety in accordance with the plans, particulars and specifications lodged with the application save as may be required by the other conditions attached hereto.  
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.

02 That the applicants indemnify the County Council against any claim made against the Authority as a result of the presence of the structure on a

public property.

REASON: In the interest of the proper planning and development of the area.

03 That the applicant makes satisfactory arrangements for the maintenance, repair and upkeep of the structure.

REASON: In the interest of amenity and public safety.

04 That the applicant accepts responsibility for the removal of the structure at his own expense if such is necessary for the purpose of road widening, reconstruction or repair and for the repair, replacement and renewal of any services installed in the public street.

REASON: In the interest of the proper planning and development of the area.

05 The panels shall be lit in such a manner so as not to cause excessive glare or distraction to road users or adjoining property owners.

REASON: In the interest of public safety and amenity.

06 The level of illumination to be reviewed at any time by the Roads Department and adjustments to be made by the applicant if requested by Dublin County Council.

REASON: To comply with the requirements of the Roads Department.

07 That the side panel (illuminated advertising panel) be omitted.

REASON: In the interest of traffic safety so as not to obscure vision of a nearby entrance.

Dear Sirs,

I wish to apply for planning permission to refurbish 9 existing bus shelters as per the attached list. It is planned to redevelop the shelters in more modern and improved material and in a slightly altered format. The details of the proposed shelters are shown in the attached drawings and specifications.

In support of my application I attach a set of documents containing:-

- 4 copies of side plan
- 4 copies of location plan
- 4 copies of structural sketch of bus shelter
- 1 Bank Draft for £360.00.

I also attach a copy of Irish Independent dated 19th June 1991 carrying a notice of intention to apply for planning permission.

Yours faithfully,

*John Browne*

## SPECIFICATION

(Dimensions in millimetres)

### Roof Section

Dimensions 4116 x 1375 x 100 ceiling section in fibre glass, rigidised sheet steel with frame of formed aluminium, or a "sandwich" of upper and lower steel sheets separated by an expanded polystyrene core contained in an extruded aluminium framework.

### Roof Support

100 x 100 R.H.S. gantry upright to support roof top having projecting arm with two 38 x 38 R.H.S. upright 203 long at 686 centres. 100 x 50 x 6 x 1219 channel reinforced with a 152 x 1143 gusset plate bedded in concrete. This roof support also contains the electrical control gear. Two 38 x 38 x 10 SWG steel supports installed at the opposite end of the shelter to the gantry. These roof supports also carry the advertising panels.

### Side Section

Three sheets of 1829mm x 1067mm x 10mm armour cast or clear toughened safety glass conforming to BS 3193-3275 and CP152. This glass is supported by upper and lower glass supports suspended from the roof and sunk into the pavement respectively. Double skinned kick panels are fixed below the glass sheets to give additional weather protection.

### Advertising Panels

Double sided 1900 high x 1300 wide x 206 deep aluminium frame fitted with 6mm toughened safety glass.

### Illumination

Double sided advertising panel internally illuminated by four 1830mm 85 watt fluorescent tubes giving a maximum light output of 284cd/m.2 through a light occluded poster. The roof of the shelter is lit by three 1220mm 40 watt fluorescent tubes either in units recessed into the roof and protected by opal acrylic sheets or in translucent vandal resistant units suspended from the roof. An earth leakage circuit breaker to the requirements of the Electricity Supply Board is fitted.

All metal work shot blasted zinc sprayed & finished zinc chromate primer with two coats of epoxy resin based enamel to BS3/043.
