DEVELOPMENT: Sports facilities building.
LOCATION: Moyle Park College, Clondalkin.
APPLICANT: Marist Brothers.
DATE LODGED: 30.7.91.

The access is beside pedestrian crossing (zebra) and vision at the access looking south is severely obscured by a boundary wall and by gate lodge, which appear to be outside the applicants control. (The sightline is only 7-8 metres). Traffic speeds are high on Convent Road at off peak times.

The proposal would appear to increase turning movements at a dangerous location, thus causing a traffic hazard.

However, the applicant has not stated his interest in gate lodge and grounds south of the existing access.

It is not clear whether the proposed sports building is for the use of students and staff only, or whether it is proposed to open it for public use.

If consideration is given to a grant of permission - then additional information should be requested.

1. Applicant to state if he can provide a safe access perhaps at a different location south of the lodge. Applicant to state his interest in the lodge and grounds.
2. Applicant to state hours of operation of the proposed sports building and if it intended to be open to the public.

Zoning : R-2

(MG/AC)

Report of the Dublin Planning Officer dated 26 August 1991.

This is an application for PERMISSION for sports facilities buildings at Moyle Park College, Clondalkin for the Marist Brothers.

The proposed site is located to the south-west of Clondalkin Village in an area zoned 'A' "to protect and/or improve residential amenity". It is also affected by a specific objective of the Development Plan, "to protect and/or provide for institutional use of an educational institution or other character in open lands".

Reg. Ref. No. WA.1663 refers to a grant of permission for an extension to Moyle Park College for Marist Brothers.

Reg. Ref. 89A/0182 refers to a grant of permission for a new entrance to existing residence at Moyle Park College from St. John's Road, Clondalkin. The current application provides for a 390.4 sq.m. extension to the existing school building, i.e. adjoining existing sports hall, to provide for sports facilities i.e. changing rooms, showers, store, toilets and utility room.

Lodged plans provide for a low profile building with a clad hipped roof and a part rendered part brick finish to all facades.

The proposed extension will extend out some 12 metres into an existing car parking area. However there are adequate open areas on site to provide for additional car parking if necessary.
