Re: 91A/1882 - PI 63 refused

Dear Mr. Smith,

I am sorry to trouble you about this small matter but unfortunately it is ongoing and I keep getting phone calls from Mr. Daly, Mrs. Hector's Dad. You will remember the famous case of the rentention of a nursery/creche in Whitehall Close which we encouraged this applicant to apply for on a second occasion and which we turned down. However, we did intimate at that time to Mr. Daly that there might be a possibility of some kind of a refund forthcoming.

Perhaps you would have time to examine this matter and let me know at your earliest convenience.

Yours sincerely,

*Stanley Laing*

REG. REF: 91A/1303.

DEVELOPMENT: Change of use.

LOCATION: Whitehall Close, Terenure.

APPLICANT: M. Proctor.

DATE LODGED: 7.8.91.

The proposal is for a change of use from domestic dwelling to play school and day care centre.

The site is on a cul-de-sac close to a hazardous junction where vision is restricted by parking on the side of the junction (south east) where there is commercial development. Parking is prevented at the junction on the applicants side by bollards and double yellow lines which continue to the applicants site.

Permission should be refused as the additional car parking demand and vehicle turning movements generated by the development in the vicinity of a junction which has restricted vision would <sup>endanger</sup> public safety by reason of traffic hazard.

Report of the Dublin Planning Officer, dated 3 October 1991

This is an application for PERMISSION for a change of use of two rooms to a playschool and daycare centre at 4, Whitehall Close, Terenure.

Reg. Ref. 88B/882 refers to a decision to grant permission for the retention of a porch on this site.

The premises is at present a semi detached two storey dwelling. A garage to the side has been converted into a utility room with a separate front entrance.

The plans submitted with the application only include a rough plan of the ground floor and a location plan. A site layout/block plan has not been provided to indicate provision of off-street car parking. No indication has been given of the anticipated number of children to be accommodated.

The site adjoins commercial development fronting onto Whitehall Road and is close to the junction with Whitehall Road. The access to the site adjoins an access to a garage in the rear garden of commercial premises on Whitehall Road.

Roads Department recommends refusal on the grounds of traffic hazard caused by additional parking demand and turning movements. Roads Department report restricted vision at the junction due to parking at the south side of the junction associated with the commercial development. This restriction of vision was apparent at the time of inspection.

There are double yellow lines on the road and bollards along the verge from the junction to the current site to prevent parking.

I recommend that a decision to REFUSE PERMISSION be made under the Local Government (Planning and Development) Acts, 1963-1990 for the following (2) Reasons:-

RE: Ref. No. 91A1303  
Mrs. Mary Noctor

91A/1303

1.0.0

Mrs. A.I.

Sir,

Further to my lodging Application for grant of planning permission I wish to add the following data in support of application:-

1. From preliminary Insurance cover it appears the maximum number of children allowed under such cover is 14, and from enquiries to date it is unlikely that I will achieve that number. For this reason the suggestion by Roads Section of the likelihood of 20 children or 20 cars is not only unrealistic but would also contravene Insurance cover. In this respect I duly met with Mr. Eoin Madden of Roads Section on 16th instant and, in fairness to him, I gathered that any estimate of possible numbers attending, or any query as to possible traffic hazard was not based on a factual situation but was raised as a precaution and it was suggested that I might monitor the situation on an average day and submit my findings to you.
2. In response to this suggestion on 22nd inst. I carried out a survey on the main Whitehall Road between 8 a.m. and 9 a.m. At that time on that date there were 3 cars parked outside the shops in the parking space provided on the main road. There was the normal flow of traffic which was not interrupted save for the operation of pedestrian lights. On the same occasion in Whitehall Close, apart from any cars in residential driveways there were approximately 6 cars on roadway. Between the hours of 5 p.m. and 6 p.m. on the same date there was little more activity of traffic on the main road but the flow was reasonable and smooth running. There was very little parking at this time.
3. It is also relevant to point out that I do not reside on the main road and that on the occasions in question there was little or no traffic in Whitehall Close (where I reside). I would estimate that at most 2 to 3 cars would momentarily stop outside my premises to deliver or collect a child between the a.m. and p.m. times mentioned. In this respect I have just two potential pupils at present and the mother of one of these indicates she would walk to my place. The other would be travelling by bus.

In all these circumstances I would be most grateful if you will consider granting my application.

Yours sincerely,

Mary Noctor
