Report of Dublin Planning Officer dated 25th May, 1992.

This is an application for PERMISSION. The proposed development consists of the erection of a bus shelter beside the entrance to "Hallmark Cards" on Butterfield Ave. for route 75.

ADDITIONAL INFORMATION was requested from the applicant on 18th October, 1991, with regard to the following:

1. There is a discrepancy noted between the position of the bus shelter as shown on the site location map and site plan (Drawing No. SH50/91). The applicant is requested to clarify this discrepancy.

The following CLARIFICATION OF ADDITIONAL INFORMATION was requested of the applicant on 11th October, 92.

1. The applicant has submitted a site location map showing the position of the proposed bus shelter adjacent to Washington Lane and not beside the entrance to Hallmark Cards as stated in the advertisement lodged with this application. The applicant is requested to clarify the discrepancy noted between the position of the bus shelter as shown on the site location map and as shown on the site plan (i.e. drawings originally submitted on 9th

September 1991.)

NOTE: The applicant should note that if it is proposed to construct a new bus shelter adjacent to Washington Lane, a new planning application is required.

The applicant submitted on 31st March 1992 a revised location map showing the correct position of the proposed new bus shelter. It is stated by the applicant that the map submitted on 15th January 1992 was submitted in error and should not be taken into consideration.

The position of the bus shelter as proposed is acceptable.

The Roads Department has no objection to the proposal (report dated 8th May 92).

I recommend that a decision to GRANT PERMISSION be made under the Local Government (Planning and Development) Acts, 1963 - 1991, subject to the following (7) conditions :-

CONDITIONS / REASONS

- 01 The development to be carried out in its entirety in accordance with the plans, particulars and specifications lodged with the application, on ^{9th} ~~15th~~ ¹⁹⁹² September, 1991 as ^{discussed} amended by Additional Information submitted, ^{on 31st March} save as may be required by the other conditions attached hereto.
- 01 REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
- 02 That the applicants indemnify the County Council against any claim made against the Authority as a result of the presence of the structure on a public property.
REASON: In the interest of the proper planning and development of the area.
- 03 That the applicant makes satisfactory arrangements for the maintenance, repair and upkeep of the structure.
REASON: In the interest of amenity and public safety.
- 04 That the applicant accepts responsibility for the removal of the structure at its own expense if such is necessary for the purpose of road widening, reconstruction or repair and for the repair, replacement

and renewal of any services installed in the public street.

REASON: In the interest of the proper planning and development of the area.

05 The panels shall be lit in such a manner so as not to cause excessive glare or distraction to road users or adjoining property owners.

REASON: In the interest of public safety and amenity.

06 The level of illumination to be reviewed at any time by the Roads Department and adjustments to be made by the applicant if requested by Dublin County Council.

REASON: To comply with the requirements of the Roads Department.

07 That the shelter be as located as far back as possible ^{As} the rear of the footpath. The exact position to be agreed with the Roads Department.

07 REASON: To ensure that sight lines at existing adjoining entrances are not reduced significantly.

Report of Dublin Planning Officer dated 4th March, 1992.

This is an application for PERMISSION. The proposed development consists of the erection of a bus shelter beside the entrance to "Hallmark Cards" on Butterfield Ave. for route 75.

Additional information was requested from the applicant on 18th October, 1991, with regard to the following:

1. There is a discrepancy noted between the position of the bus shelter as shown on the site location map and site plan (Drawing No. SH50/91). The applicant is requested to clarify this discrepancy.

The applicant has submitted a site location map showing the position of the new bus shelter adjacent to Washington Lane, which is at some distance (i.e. to the west) of the entrance to Hallmark Cards. The proposed bus shelter is located on a wide grass verge where there is no existing bus stop.

The advertisement submitted does not accurately describe the location of the proposed shelter as shown on the site location map submitted to this department on 15th January, 1991.

The Roads Department (report dated 13th February, 1992) notes the new discrepancy.

COMHAIRLE CHONTAE ÁTHA CLIATH

The applicant should be requested to submit clarification of additional information.

I recommend that CLARIFICATION OF ADDITIONAL INFORMATION be requested from the applicant with regard to the following:-

01 The applicant has submitted a site location map showing the position of the proposed bus shelter adjacent to Washington Lane and not beside the entrance to Hallmark Cards as stated in the advertisement lodged with this applicant. The applicant is requested to clarify the discrepancy noted between the position of the bus shelter as shown on the site location map and as shown on the site plan (i.e. ~~on~~ drawings originally submitted on 9th September, 1991).

NOTE: The applicant should note that if it is proposed to construct a new bus shelter adjacent to Washington Lane, ~~that~~ a new planning application is required.

This submission is additional information. The applicant was requested to clarify a discrepancy between the position of the bus shelter as shown on the site location map and the site plan. The position of the bus shelter is stated as being beside the entrance to "Hallmark Cards" on Butterfield Avenue.

On the present submission the location is some hundreds of metres from "Hallmark Cards" and is apparently an error.

It will be necessary to seek clarification of additional information as to a site location map and site plan clearly showing the position of the proposed bus shelter, without ambiguity in relation to "Hallmark Cards".

DEVELOPMENT: Erect bus shelter.

LOCATION: Beside entrance to "Hallmark Cards" on Butterfield Avenue for route 75.

APPLICANT: Dublin Bus.

DATE LODGED: 9.9.91.

This application is for full permission for bus shelter at Butterfield Avenue.

The applicant proposes to replace the existing bus stop with a bus shelter on a busy district distributor. Fortunately a tared strip exists adjacent to the carriageway which makes a bus lay-by feasible.

Roads have no objection subject to:-

1. A lay-by to be provided in the 'tarred strip' area so as to reduce traffic interference of stopping buses.
2. That the applicant indemnifies the County Council against any claim made against the Authority as a result of the presence of the structure on a public property.
3. That the applicant accepts responsibility for the removal of the structure at his own expense if such is necessary for the purpose of road widening, reconstruction or repair and for the repair, replacement and renewal of any services installed in the public street.
4. The panels shall not be lit in such a manner so as to cause excessive glare or distraction to road users or adjoining property owners.
5. The level of illumination to be reviewed at any time by the Roads Department and adjustments to be made by the applicant if requested by Dublin County Council.

 N 47746

I wish to apply for planning permission to erect bus shelters at the following locations:

- X (1) Beside entrance to "Hallmark Cards" on Butterfield Avenue X for Route 75.
- (2) At the 15A/55 bus terminus on Limekiln Road.
- (3) On Firhouse Road near junction with Bettycullen Road.

In support of my application I attach a set of documents containing the following:

- (a) 4 copies of site map
- (b) 4 copies of location plan
- (c) 4 copies of structural drawing for bus shelter
- (d) 4 copies of specification for bus shelter
- (e) One cheque for £120.00

I also enclose 2 copies of the Irish Press dated August 26th and August 29th 1991, showing our intention to apply for planning permission.

In relation to location No. 3 above, this is an application to relocate an existing bus stop with shelter beside the new Link Road to the Tallaght by-pass to the above new location. This is because of a request from the Gardai Siochana for traffic safety reasons.

Dublin Bus has no interest in the land as it is owned by Dublin County Council.

(Dimensions in millimetres)

Roof Section

Dimensions 4116 x 1375 x 100 ceiling section in fibre glass, rigidised sheet steel with frame of formed aluminium, or a "sandwich" of upper and lower steel sheets separated by an expanded polystyrene core contained in an extruded aluminium framework.

Roof Support

100 x 100 R.H.S. gantry upright to support roof top having projecting arm with two 38 x 38 R.H.S. upright 203 long at 686 centres. 100 x 50 x 5 x 1219 channel reinforced with a 152 x 1143 gusset plate bedded in concrete. This roof support also contains the electrical control gear. Two 38 x 38 x 10 SWG steel supports installed at the opposite end of the shelter to the gantry. These roof supports also carry the advertising panels.

Side Section

Three sheets of 1829mm x 1057mm x 10mm armour cast or clear toughened safety glass conforming to BS 3193-3275 and CP152. This glass is supported by upper and lower glass supports suspended from the roof and sunk into the pavement respectively. Double skinned kick panels are fixed below the glass sheets to give additional weather protection.

Advertising Panels

Double sided 1900 high x 1300 wide x 206 deep aluminium frame fitted with 6mm toughened safety glass.

Illumination

Double sided advertising panel internally illuminated by four 1830mm 85 watt fluorescent tubes giving a maximum light output of 284cd/m.2 through a light occluded poster. The roof of the shelter is lit by three 1220mm 40 watt fluorescent tubes either in units recessed into the roof and protected by opal acrylic sheets or in translucent vandal resistant units suspended from the roof. An earth leakage circuit breaker to the requirements of the Electricity Supply Board is fitted.

All metal work shot blasted zinc sprayed & finished zinc chromate primer with two coats of epoxy resin based enamel to BS3/043.
