This drawing and design is the property of J. Weir Land Surveying Ltd. The recipient of all survey data acknowledges this data may be inaccurate, contain errors or omissions and the user assumes full responsibility for any risks or damages resulting from any use or reliance of data herein. Although significant care has been exercised and all reasonable steps taken to produce surveys that satisfy survey accuracy standards, surveys are only as accurate as the source data in which they were compiled. The Company shall not be liable for any inaccuracy of the data provided beyond the specified scale or accuracy, or for any matters resulting from their use for purposes other than stated in the contract. No liability shall attach to the Surveyor in respect of any consequential loss or damages suffered by the Client. If misleading, inaccurate or otherwise inappropriate information is brought to the Company's attention in a survey or the Company itself identifies any such imprecision or error in a survey, it shall use its reasonable endeavours to fix or remove it and if deemed necessary, will re-conduct the survey within the specified scale, accuracy and specifications.

Topographical surveys ● Measured Building surveys
 Setting out ● Digital Ground modelling ● As-built surveys
 Volumetric reports ● Legal Mapping ● Autocad facilities
