RE: Planning Application Reference SD21A/0051 at Wilsons Auctions, Green Isle Road, Corkagh, Clondalkin, Dublin 22

Dear Michelle,

I refer to the above-referenced planning application. Following consultation with the Air Corps, the Department of Defence has the following observations:

Due to the proximity to Casement Aerodrome, mitigations may be required in relation to the management of wildlife attracted to the site. Should negative effects of bird activity on Irish Air Corps operations arise, the owner must put measures in place to mitigate these effects to an acceptable level.

Yours sincerely,

[via email]

Gareth O'Flaherty
