

Register Ref: SD21A/0101

Development: Residential development comprising a total of 28 apartments, in a building up to 4-storeys in height; the cumulative gross floor area is proposed to be 2,640sq.m on the 0.3157 hectare site including the site of the former filling station (0.2821 ha - under applicant's ownership) and a portion of land (0.0326ha) located to the north of the filling station site, where the existing traffic lights and pedestrian crossing are located along Nutgrove Avenue; to accommodate access to the site, it is proposed to relocate the existing traffic lights and pedestrian crossing which traverses both South Dublin County Council and Dun Laoghaire-Rathdown County Council boundaries; a development with a maximum height of c.11.7m and a total gross floor area of 2,640 sq.m comprising of 28 residential units comprising 8 1-bedroom apartments, 17 2-bedroom apartments and 3 3-bedroom apartments; communal amenity space (433sq.m) and public open space (286sq.m) located to the rear and western side of the site; at grade car parking is proposed to the rear of the site which will provide 16 residents' car parking spaces (including 2 electric vehicles spaces and 1 accessible spaces) and 2 motorcycle parking spaces; 2 resident waste bin storage areas are proposed along the north-western and north-eastern corner of the site, fronting Nutgrove Avenue (total 25sq.m); a new vehicular entrance from Nutgrove Avenue; a total of 62 surface level bicycle parking spaces comprising 48 spaces located at the rear of the site and 14 spaces within the residents' communal area, located along the north-western portion of the site; relocation of the existing traffic lights and pedestrian crossing located on Nutgrove Avenue to the west of its existing position to accommodate access to the site; all ancillary site development works including installation of drainage and water supply infrastructure, lighting and provision of an ESB substation and switch room.

Location: Nutgrove Avenue, Rathfrnham, Dublin 14

Applicant: Sirio Investment Management Ltd t/a Siri

Application Type: Permission

Planning Officer:

Development Summary

This application is for the construction of 28 Apartments in a building 4-storeys in height. Noise pollution and Air pollution restrictions will be necessary for the construction phase.

The above proposal is acceptable to the Environmental Health Department – subject to the following condition(s):

Noise

1. To control, limit and prevent the generation of Environmental Noise Pollution from occurring the Environmental Health Department of South Dublin County Council, hereby informs you that :

The use of machinery, plant, or equipment (which includes pneumatic drills, generators and the movement on and off the site of construction vehicles) is NOT PERMITTED outside the following hours

- Before 07.00 hours on weekdays, Monday to Friday
- Before 09.00 hours on Saturdays.
- After 19.00 hours on weekdays, Monday to Friday.
- After 13.00 hours on Saturdays.
- Not permitted at any time on Sundays, Bank Holidays or Public Holidays.

Reason: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

Air Quality

2. During the construction / demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances.

Reason: To contain dust arising from construction / demolition in the interests of public health and to prevent nuisance being caused to occupiers of buildings in the vicinity.

ESB Substation:

This permission is for a period of 5 years from the date of this grant of planning permission. The telecommunications structure and related ancillary structures shall then be removed unless, prior to the end of the period, planning permission shall have been granted for their retention for a further period by the Planning Authority or by An Bord Pleanala on appeal.

Reason: To enable the impact of the development to be reassessed, having regard to advances in technology and design of radio equipment and antennae, changes in the design of support structures, more stringent or other standards, if considered more appropriate, during the period of five years and to circumstances then prevailing.

2. Monitoring to determine the adherence to the guidelines of the International Non-Ionising Radiation Committee of the International Radiological Protection Association, under the auspices of the WHO and the European Pre standard RNV 50166-2 Human Exposure to Magnetic Fields-High Frequency (10KHz to 300GHz) promulgated by CENELEC, the European Committee for Electro technical standardisation shall be made immediately before the site is brought into commission and thereafter at yearly intervals by a competent authority, using up-to-date monitoring equipment. The results of all monitoring shall be available for inspection by the Planning Authority and/or other appropriate body.

Reason: In the interests of public health.
