Re: Objection to Planning Application ref: SD21A/0140

Dear Sir/Madam,

I write with regard to the above planning application by Exeter Ireland Property IV Ltd for the construction of a warehouse at Jordanstown Road, Aerodrome Business Park, Rathcoole, Co. Dublin.

The Department of Defence wishes to object to this proposed development for the following reasons:

The International Civil Aviation Organisation (ICAO) is an agency of the United Nations. It sets out the 'Standards and Recommended Practices' (SARP'S) for international aviation through the publication of 19 annexes.

ICAO Annex 14 deals with airport surfaces to be protected to ensure safe instrument flight procedures at airports.

Flight operations at Casement Aerodrome are protected by the application of Annex 14 Obstacle Limitation Surfaces (OLS) which identifies the airspace around an aerodrome that is to remain free of obstacles.

The runways at Casement Aerodrome that are impacted by the proposed development at Jordanstown Road are:

1. Runway 22 which is safeguarded as a code 3 instrument runway and is currently in use for instrument flight procedures.
2. Runway 04 which is safeguarded as a Code 3 instrument runway and is currently in use for instrument flight procedures.

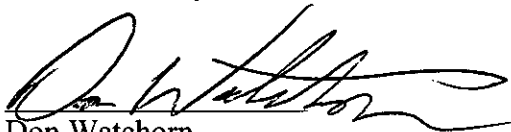

The south eastern portion of the proposed development will penetrate the following obstacle limitation surfaces:

Annex 14 Surface.	Penetration in meters
Take Off Climb Surface Runway 22	5.8 m
Approach Surface Runway 04	5.8 m

The Minister for Defence requests an acknowledgement of this submission and to be kept informed of any developments in relation to this planning application, including any appeal.

Please contact me if you have any queries in this regard.

Yours faithfully,

Don Watchorn
