Reference: Proposed Land infilling/ contouring at Slade, Saggart Co. Dublin

Dear Sir/Madam,

Please find enclosed details relating to a proposed planning permission for land contouring at Slade, Saggart Co. Dublin. The application relates to land recontouring works on c 16,000m² of a folio size of c 2.4 ha (allowing buffers). This field is located immediately adjacent to the Saggart reservoir development project being undertaken by Coffey for Irish Water. The volume of material to be placed on the site is c 35,000m³ with an average fill level average of c 3.5 m above existing.

Please find enclosed the following.

- Completed planning application form;
- Newspaper Notice;
- Signed Site Notice;
- Landowner Consent Details;
- 6No copies of the Site Drawings (inc. Site Location Map & Site Layout Plan);
- 6No. copies of the Environmental & Planning Report with associated Appendices

An Appendices and Drawing Register are provided at the bottom of this letter.

Should you have any queries, please don't hesitate to contact me.

Best Regards,

A handwritten signature in blue ink, appearing to read "C. Farrell".
