

General Notes:
 1. This is not an installation drawing and shows design intent information only.
 2. All dimensions are in millimetres (mm) unless noted otherwise. All levels are in metres (m) unless noted otherwise.
 3. This drawing shall be read in conjunction with the approved drawings, specifications, and other relevant contract documents.
 4. Equipment and plant details are not manufacturer specified. The Contractor shall select equipment which is suitable for the environment and shall be coordinated by the GC based on the manufacturer's data sheets.
 5. All service penetrations through fire rated walls, floors, and ceilings shall be protected in accordance with the approved drawings and specifications.
 6. The Contractor shall provide full coordination of all services and shall be responsible for the installation of the structure as defined in the structure engineers contract.
 7. The Contractor shall produce full coordinated drawings for all services and shall be responsible for the installation of the structure as defined in the structure engineers contract.
 8. The Contractor shall produce all drawings prior to installation for approval.
