**Relevant Sections, Policies and Objectives of the SDCC Development Plan 2016-2022:**

**DP 2016-22 Section 8.3.0 Public Open Space Hierarchy and Landscape Setting**

It is the policy of the Council to provide a hierarchy of high quality and multi-functional public parks and open spaces.

**G4 Objective 1:** To support and facilitate the provision of a network of high quality, well located and multifunctional public parks and open spaces throughout the County and to protect and enhance the environmental capacity and ecological function of these spaces.

**G4 Objective 2:** To connect parks and areas of open space with ecological and recreational corridors to aid the movement of biodiversity and people and to strengthen the overall Green Infrastructure network.

**DP 2016-22 Section 8.1.0 Green Infrastructure Network**

**G2 Objective 1:** To reduce fragmentation of the Green Infrastructure network and strengthen ecological links between urban areas, Natura 2000 sites, proposed Natural Heritage Areas, parks and open spaces and the wider regional Green Infrastructure network

**G2 Objective 2:** To protect and enhance the biodiversity value and ecological function of the Green Infrastructure network.

**DP 2016-22 Section 9 Heritage Conservation and Landscapes**

**HCL15 Objective 3:** To protect existing trees, hedgerows, and woodlands which are of amenity or biodiversity value and/ or contribute to landscape character and ensure that proper provision is made for their protection and management in accordance with Living with Trees: South Dublin County Council's Tree Management Policy 2015-2020.

**Living with Trees – Tree Management Policy 2015 – 2020**

South Dublin County Council's Tree Management Policy 'Living with Trees' 2015-2020 contains information within Chapter 7 Trees and Development that relates to the retention, protection and planting of trees on development sites. Relevant points within this section include:

- The Council will use its powers to ensure that where it is conducive with the objectives of the County Development Plan, and other planning objectives there is maximum retention of trees on new development sites.
- In the processing of planning applications, the Council will seek the retention of trees of high amenity / environmental value taking consideration of both their individual merit and their interaction as part of a group or broader landscape feature.
- On construction sites all work must be in accordance with British Standard 5837 (2012): Trees in Relation to Design, Demolition and Construction – Recommendations.

**The Public Realm Section has assessed the proposed development in accordance with the CDP and best practice guidelines and recommends the following;**

The proposal will result in construction work in the vicinity of existing trees and hedgerows. The applicant hasn't submitted tree and hedgerow protection measures for existing trees and hedgerows; and an arborists method statement in line with BS 5837: Trees in Relation to Design Demolition and Construction.

- 1. Tree and Hedgerow Protection Plan:** A scaled site plan (1:500@A1) of the proposed development, clearly showing and distinguishing (by colour coding) those trees and hedges to be retained and protected; showing alignments of Tree Protection Fencing; areas to be excluded from construction activities and compound(s), site office(s), plant, equipment and materials storage. Root Protection Areas (RPAs') of all trees and hedgerows to be clearly shown on this drawing.
- 2. Arborists Method Statement:** clear and practically-achievable measures to be used during the construction period, for the protection and management of all existing trees and hedges, as shown in the Tree Protection Plan. The work shall be carried out by a Professional Member of Arboricultural Association and in accordance with BS 5837: 2012 Trees in relation to design, demolition and construction – recommendations.
