

Legend

	Application Boundary
	Existing Trees to be Retained.
	Proposed Native Woodland To create a biodiverse native habitat around the perimeter and throughout the site. New planting designed to create a network of ecological corridors linking with existing vegetation to be retained. Planted as transplants with 10% of trees as 6-8 cmg, min 2m high. As the planting matures a visual screen will be created. Refer to planting schedule
	Proposed Medium or Large Deciduous Tree Planting To be planted at heights required to give an immediate impact and create a visual screen where required. Refer to planting schedule for specific specifications
	Proposed Native Coniferous Tree Planting To be planted at heights required to give an immediate impact and create a visual screen where required. To complement and strengthen the screening level provided by the large deciduous tree planting. Refer to planting schedule for specific specifications
	Wildflower Meadow Area to be managed as a wildflower meadow to improve the biodiversity of the local environment and reduce maintenance operations
	Grass Seeding Area to be managed as ornamental lawn/amenity grass.
	Proposed Native Hedgerow Planting Provides a visual screen and improved green infrastructure links. Refer to planting plan for further details and specification.
	Existing Native Hedgerow To be retained and enhanced with reference to arborists report.
	Ornamental Shrub/Groundcover Planting Refer to planting plan for further details and specification.
	Security Fence 2.4m high, to architects' detail and specification.
