Re: PLANNING REGISTRATION NO: SD21A/0217

Dear Sir/Madam,

I write with regard to the above planning application by Digital Netherlands VIII B.V. for the erection of two data centre buildings, gas powered energy generation compound, and all other associated ancillary buildings and works, both data centre buildings will reach a height of 20m.

Located: Profile Park, Nangor Road, Clondalkin, Dublin 22.

Following consultations with our Air Corps colleagues at Casement Aerodrome, The Department of Defence would like to make the following observations:

1. Given the proximity to Casement Aerodrome, operation of cranes should be coordinated with Air Corps Air Traffic Services, no later than 28 days before use, contactable at airspaceandobstacles@defenceforces.ie or 01-4037681
2. Due to the proximity to Casement Aerodrome, the developer should implement adequate bird control measures during the construction phase to mitigate the effects of birds on Air Corps flight operations.
3. Due the proximity to Casement Aerodrome, Military Air Traffic Services requests an Aviation Impact Assessment on all potential emissions. The assessment should cover the possible effects of exhaust plumes or any other associated impact on flight operations at Casement Aerodrome.
4. Given the proximity to Casement Aerodrome this area may be subject to a high level of noise from aircraft operating in the vicinity of the aerodrome.
5. Given the proximity to Casement Aerodrome, the selection of trees and shrubs should avoid plants that produce fruit and seed desired by wildlife. Avoid the creation of are areas of dense cover for roosting by flocking species of birds.

Please contact me if you have any queries in this regard.

Yours faithfully,

Sent via e-mail due to Covid19 restrictions
