Main Building Façade

- These signs are prepared at 150% scale of the current one
- They feature a white border so they stands out better against the façade

Based on the dock leveler width measurement of 3.1m we extrapolated these estimated dimensions:

Original Sign = 7.611m (W) x 1.56m (H)
150% Sign Size = 11.417m (W) x 2.340m (H)
