1 No part of this drawing may be reproduced or transmitted in any form or stored in any retrieval system or any name without the written permission of Irish Water's copyright holder, except as agreed for use on the project for which the document was originally issued.

2 Whilst every care has been taken in its compilation, Irish Water gives the information as to the position of its underground network as a general guide only on the strict understanding that it is based on the best available information provided by each Local Authority in Ireland to Irish Water. Irish Water can assume no responsibility for and give no guarantee, undertakings or warranties concerning the accuracy, completeness or up to date nature of the information provided and does not accept any liability whatsoever arising from any errors or omissions. This information should not be relied upon in the event of excavations or any other works being carried out in the vicinity of the Irish Water underground network. The onus is on the parties carrying out excavations or any other works to ensure the exact location of the Irish Water underground network is identified prior to excavations or any other works being carried out. Service connection pipes are not generally shown but their presence should be anticipated.

The Networks Ireland (NI), their affiliates and agents, accept no responsibility for any information contained in this document concerning location and technical description of the gas distribution and transmission network ("the Information"). Any representations and warranties express or implied, are excluded to the fullest extent permitted by law. No liability shall be accepted for any loss or damage resulting from inaccuracy, error, omission, special, incidental, punitive or consequential loss including loss of profits, arising out of or in connection with the use of the information (including maps or mapping data).

NOTE: DIAL BEFORE YOU DIG Phone: 1850 427 747 or email a.g.g@gasnetworks.ie - The actual position of the gas/utility distribution and transmission network must be verified on site before any mechanical excavating takes place. If any mechanical excavation is proposed, hard copy maps must be requested from GNI. No work in the vicinity of gas distribution and transmission network must be completed in accordance with the current edition of the Health & Safety Authority publication, Code of Practice For Avoiding Danger From Underground Services, which is available from the Health and Safety Authority (1 890 28 99 89) or can be downloaded free of charge at www.hsa.ie

Water Distribution Network	Sewer Network	Special Water Networks
Water Distribution Network	Sewer Fault Compensated Network	Surface Water Mains
Water Treatment Plant	Water Water Treatment Plant	Surface Gravel Mains
