2. Whilst every care has been taken in its compilation, Irish Water gives no information as to the position of its underground network as a general guide only on the strict understanding that it is based on the best available information provided by each Local Authority in Ireland to Irish Water.

3. Irish Water accepts no responsibility for and gives no guarantees, indemnities or warranties concerning the accuracy, completeness or up to date nature of the information provided and does not accept any liability whatsoever arising from any errors or omissions.

This information should not be relied upon in the event of excavations or any other works being carried out in the vicinity of the Irish Water underground network. The onus is on the parties carrying out excavations or other works to identify and protect the Irish Water underground network. Excavations or other works should be carried out in accordance with the relevant regulations and any other works being carried out. Service connection pipes are not generally shown but their presence should be anticipated.
