**NOTIFICATION OF DECISION TO GRANT PERMISSION
PLANNING AND DEVELOPMENT ACT 2000 (as amended) & PLANNING
REGULATIONS THEREUNDER**

Decision Order Number: 1475	Date of Decision: 11-Nov-2021
Register Reference: SD21A/0156	Date: 15-Oct-2021

Applicant: Sandra Dolan

Development: Construction of two storey dwelling to the side of dwelling; new storm water percolation area; new doorway to rear access lane; new shed and associated site works.

Location: 46, Slade View, Forest Hills, Rathcoole, Co. Dublin, D24 KW66

Floor Area:

Time extension(s) up to and including:

Additional Information Requested/Received: 04-Aug-2021 /15-Oct-2021

Clarification of Additional Information Requested/Received:

DECISION TO: Pursuant to the Planning & Development Act 2000 (as amended), it is hereby decided, for the reasons set out in the First Schedule hereto, to **GRANT PERMISSION** for the said development in accordance with the said plans and particulars, subject to the conditions

specified in the Second Schedule hereto, the reasons for the imposition of the said conditions being as set out in the said Second Schedule and the said decision is subject to the said conditions.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the condition(s) set out hereunder is thereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons:

1. Development to be in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application, and as amended by Further Information received on 15th October 2021, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.
2. Dual Frontage Dwelling
Prior to the commencement of development, revised floor plans, boundary drawings and side elevational drawing shall be submitted for the written agreement of the Planning Authority clearly outlining the following modifications:
 - (1) Two additional window opes shall be placed in the ground floor southern elevation of the proposed dwelling (facing the public footpath), which shall provide light to the living room (living room, as notated on the ground floor plan).
 - (2) The two first floor bedroom windows in the southern side elevation shall be relocated. They shall be positioned directly above two of the ground floor window opes and shall be symmetrically aligned with these ground floor windows.
 - (3) The side southern boundary wall shall be:
 - (a) A maximum height of 1.2m for its length from the rear building line of the new dwelling to the front boundary of the site and
 - (b) A maximum height of 2m for its length from the rear building line of the new dwelling to the rear boundary of the site.

For clarity: The southern boundary of the site has been deemed to be the boundary that abuts the public footpath that runs along the length of the parkland dividing the Slade View Development from the Peyton Development.

REASON: In the interest of achieving a high-quality dual frontage dwelling, to comply with County Development Plan policy and to ensure passive surveillance is achieved at the public walkway. All in the interests of proper planning and sustainable development of the area.
3. Permission Required for Class 1 & 3 Exemptions.
Notwithstanding the exempted development provisions of the Planning and Development

Regulations, 2001 as amended, and any statutory provision replacing or amending them, no development falling within Class 1 or Class 3 of Schedule 2, Part 1 of those Regulations and any statutory provision replacing or amending them shall take place within the curtilage of the proposed development (for clarity, the curtilage refers to the site outlined in red on the Site Layout Plan, which comprises of both the existing and proposed dwelling) without a prior grant of planning permission.

REASON: In order to ensure that a reasonable amount of rear garden space is retained for the benefit of the occupants of the dwelling, compliance with Development Plan policy, and in order to protect the residential amenity of the area.

4. Conditions.

Permission is hereby granted solely for the development which is set out in Statutory Public Notices and description of development under Section 9 of the planning application form submitted.

REASON: In the interest of clarity, consistency and the proper planning and sustainable development of the area.

5. Drainage - Surface Water.

The disposal of surface water, shall fully comply with all of the technical requirements of the Council's Water Services Section. In this regard, prior to the commencement of development, the applicant/developer shall submit the following for the written agreement of the Planning Authority:

(a) Fully detailed foul and surface water drainage plans for the proposed development as approved showing location of all manholes, AJs etc located within the site boundary up to and including point of connection to the public sewer that fully accords with the requirements Council's Water Services Section and or Irish Water,

(b) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(c) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

(d) The soakaway design to be submitted shall be certified to BRE Digest 365 standard by a suitably qualified person carrying professional indemnity insurance and shall include documented evidence of infiltration test results to demonstrate that the soakaway complies with the requirements of BRE Digest 365.

The revised plans shall provide for a soakaway to be located within the curtilage of the property and this shall be:

(i) at least 5m from any buildings, public sewers or structures and not in such a position that the ground below foundations is likely to be adversely affected.

(ii) at least 5m from the nearest road boundary and not within 3m of the boundary of the adjoining site.

(iii) a minimum of 10m from any sewage treatment percolation area.

(iv) at least 10m from any stream / river / flood plain.

In addition only rainwater shall be discharged to soakaways.

REASON: In the interests of public health, safety, the proper planning and sustainable development of the area and in order to ensure adequate and appropriate surface water

drainage provision.

6. Drainage - Irish Water.

(a) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(b) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

7. Restriction on Use.

(i) The two dwelling houses (existing and new) shall each be used as a single dwelling unit and shall not be sub-divided by way of sale or letting (including short-term letting) or otherwise nor shall it be used for any commercial purposes.

(ii) No structures in the rear garden of these dwellings shall be used as separate dwelling units.

REASON: To prevent unauthorised development.

8. House Number.

The number of the house shall be 46a, and this number shall be placed on the completed house prior to its occupation in a manner so as to be clearly legible from the public road. In the event that this number already exists no development shall take place under this permission until the applicant, owner or developer has lodged with the Planning Authority:

(a) a street name and dwelling/unit number plan to resolve any possible conflict and,

(b) this has been acknowledged as acceptable in writing by the Planning Authority.

Following receipt of an acknowledgement of acceptability, the agreed number / name shall be placed on the completed house prior to occupation in a manner so as to be clearly legible from the public road.

The applicant is advised that the development number or name should

(i) avoid any duplication within the county;

(ii) reflect the local and historical context of the approved development;

(iii) comply with Development Plan policy, the guidelines on naming and numbering of the Department of the Environment, Heritage and Local Government,

(iv) have regard to the Guidelines issued by the Place Names Commission (An Coimisiún Logainmneacha) and;

(v) preferably make exclusive use of the Irish language.

The applicant, owner or developer is advised to consult with Naming and Numbering section of the Planning Authority in advance of lodging the required plan.

REASON: In the interests of the proper planning and sustainable development of the area and compliance with the Council's Development Plan.

9. External Finishes.

All external finishes shall harmonise in colour and texture with the adjoining dwelling at No. 46.

REASON: In the interest of visual amenity.

10. Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

11. Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

12. Financial Contribution.

The developer shall pay to the Planning Authority a financial contribution of €10,892.07 (ten thousand eight hundred and ninety two euros and seven cents), in respect of public

infrastructure and facilities benefiting development within the area of the Planning Authority, that is provided, or intended to be provided by or on behalf of the authority, in accordance with the terms of the Development Contribution Scheme 2021 - 2025, made under Section 48 of the Planning and Development Acts 2000-2011 (as amended). The contribution shall be paid prior to commencement of development, or in such phased payments as the Planning Authority may facilitate. Contributions shall be payable at the rate pertaining to the year in which implementation of the planning permission is commenced as outlined in the South Dublin County Council Development Contribution Scheme 2021 - 2025.

REASON: The provision of such facilities will facilitate the proposed development. It is considered reasonable that the payment of a contribution be required, in respect of public infrastructure and facilities benefiting development in the area of the Planning Authority and that is provided, or that is intended will be provided, by or on behalf of the Local Authority.

NOTE RE: CONDITION - Please note that with effect from 1st January 2014, Irish Water is now the statutory body responsible for water services. Further details/clarification can be obtained from Irish Water at Tel. 01 6021000 or by emailing customerservice@water.ie.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Where the applicant proposes to connect to a public water/wastewater network operated by Irish Water, the applicant must sign a connection agreement with Irish Water prior to the commencement of the development and adhere to the standards and conditions set out in that agreement.

The Developer is advised that under the provisions of the Construction Products Regulation 2013 (No.305/2011-CPR) All products sourced for use in building process must conform with the statutory requirements of the CPR. For more information on these responsibilities see <http://ec.europa.eu/enterprise/sectors/construction/legislation>.

From March 1, 2014 the Building Control (Amendment) Regulations 2013 (SI 80 of 2013) come into effect. All Commencement Notices for works greater than 40sq.m are obliged to be accompanied by a number of certified undertakings as described by these Regulations.

Please note that upon receipt of this document you are obliged to remove the planning site notice in compliance with Article 20 of the Planning and Development Regulations 2001, as amended.

Please note that any valid submissions or observations received in accordance with the provisions of the Planning and Development Regulations 2001, as amended, have been considered in the determination of this application.

Signed on behalf of the South Dublin County Council.
