Shopfront Grant Scheme

Dear Sirs,

Please find enclosed Section 5 Planning Application for a premises in South City Business Park.

We have sent the shopfront grant application form to Ms Hannah Boylan in Dublin County Council. Ms Boylan has informed us that planning permission is required.

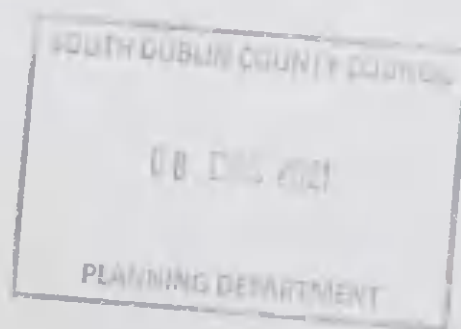

We simply require planning permission to place die cut signage on the front of the building, as the front of the building is currently plain. We have enclosed a detailed description of the signage we intend to apply. At Ms Boylan's suggestion we have also enclosed a quotation for the signage.

We expect that no planning permission will be required. We are sending the application by post as a payment for €80.00 is required. We have enclosed a cheque for this amount.

We can be contacted by email at any time at accounts@definitionprint.ie.

Thank you for your assistance

Joseph Flood
