Record of Executive Business and Chief Executive's Order

Reg. Reference: SD21B/0596 **Application Date:** 25-Nov-2021
Submission Type: New Application **Registration Date:** 25-Nov-2021

Correspondence Name and Address: Carol Forbes, 4bes Design Services 38, Larkfield Avenue, Lucan, Co. Dublin

Proposed Development: Conversion of existing attic space comprising of modification of existing roof structure; new gable window; new window to front gable; new access stairs; new roof window to the front and rear; flat roof dormer to rear.

Location: 60, Wilkins Court, Whitehall, Dublin 12

Applicant Name: Max Klimmek

Application Type: Permission

(CM)

Description of Site and Surroundings:

Site Description

The subject site accommodates a 2½ storey semi-detached house with pitched roof and subordinate front-facing gable. The house has brick and render finishes, with the front wall projecting out beneath the gable. There is a canopy roof over the front door, and a single storey rear return with lean-to pitched roof and French windows. The house is typical of the area.

The site bounds an adjoining residential plot to the rear, which fronts onto Temple Manor Close. The site is also located in close proximity to Greenhills Park to the west, Greenhills College Campus to the south-west, and Greenhills Football Club to the north-west.

Site Area: 0.0234 Ha.

Site visit: 05/01/22

Proposal:

Conversion of existing attic space comprising of modification of existing roof structure; new gable window; new window to front gable; new access stairs; new roof window to the front and rear; **flat roof dormer to rear.**

Zoning:

'RES' – 'To protect and/or improve residential amenity.'

Assessment

The main issues for assessment concern the following:

- Zoning and Council policy;
- Residential amenity and visual impact;
- Water;
- Screening for Appropriate Assessment
- Screening for Environmental Impact Assessment

Zoning and Council Policy

The site is located in an area which is subject to zoning objective 'RES' – '*To protect and/or improve Residential Amenity*'. The development of an extension or alteration to a dwelling is permitted in principle subject to its design being in accordance with the relevant provisions in the Development Plan with specific reference to Section 11.3.3 which relates to extensions to dwellings.

Residential Amenity and Visual Impact

The proposed development consists of an attic conversion with a rear dormer window. Windows are proposed in the main gable and the front-facing gable. The attic conversion comprises an access stairs built above the existing staircase, and partition of the attic space into two main rooms, one with an adjacent smaller room.

The rear dormer is of an appropriate scale and is adequately separated from the adjoining property. The existing roofs here are tall enough for habitable accommodation and the dormer will provide for a 2.5m floor-to-ceiling space at attic level. This is also provided under the front-facing gable.

The development, including the provision of a window to both the front and side gables, and 3 roof lights, would not be injurious to adjoining properties, nor would it be out of character or detract from the character of the area. The development is therefore acceptable.

Water

The Environmental Services Department has stated no objection subject to standard conditions relating to, foul and surface water drainage.

Screening for Appropriate Assessment

Having regard to the scale and nature of the development, connection to public services and the distance from Natura 2000 sites, it is considered that the proposed development would not be likely to have a significant effect individually or in combination with other plans or projects on a European site.

Comhairle Chontae Atha Cliath Theas

PR/0124/22

Record of Executive Business and Chief Executive's Order

Screening for Environmental Impact Assessment

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Other

Development Contributions

Development comprises attic accommodation of 46.12sq.m.

Assessable are for contributions: Nil.

SEA Monitoring

Building Use Type Proposed:	Residential extension
Floor Area:	46.12sq.m (net increase)
Site Type:	Brownfield/Urban Consolidation.
Site Area:	0.0234 Ha.

Conclusion

Having regard to the provisions of the South Dublin County Council Development Plan 2016-2022, and the scale of the proposed development, it is considered that, subject to the conditions set out below, the proposed development would not be injurious to adjoining properties, nor detract from the character and amenities of the area, and would be in accordance with the proper planning and sustainable development of the area.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

Comhairle Chontae Atha Cliath Theas

SECOND SCHEDULE

Conditions and Reasons

1. Development in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.

2. (a) External Finishes.
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.
REASON: In the interest of visual amenity.

(b) Restriction on Use.
The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.
REASON: To prevent unauthorised development.

(c) Drainage - Irish Water.
(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.
(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.
(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.
REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.
During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust

Comhairle Chontae Atha Cliath Theas

Record of Executive Business and Chief Executive's Order

nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

Comhairle Chontae Atha Cliath Theas

PR/0124/22

Record of Executive Business and Chief Executive's Order

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Adequate provision should be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons, including sanitary conveniences. The minimum requirements should be as per Part M of the Building Regulations.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.

NOTE: The applicant is advised that, in order to use the attic conversion as a habitable room, it must comply with the Building Regulations.
