TO WHOM IT MAY CONCERN

I would like to acknowledge that Paula Egan and her team look after the accounts and payroll for several local businesses including my own retail business in Rathcoole village. From this business history and connection, she agreed when approached to also look after the accounts for Newcastle Tidy Towns Association to ensure we maintain a high level of administrative accuracy and compliance.

I understand this letter is to support a local planning application and, in this regard, I can confirm the family support the local businesses where possible.

Yours sincerely

Fergal Britton

Newcastle Tidy Towns Association.
