Re: Proposed development at Edmonstown, Co Dublin.

Dear Mr Ó Bardáin,

I refer to your plans for a new housing development at Edmondstown, County Dublin and recent correspondence regarding the ESB networks crossing the site. In particular, I can confirm that ESB has been consulted in relation to the overhead lines crossing the proposed site and have agreed to alter the network to facilitate the proposed works.

I trust the above is adequate to comply with the planning application conditions. If you have any queries before the commencement of the works please contact me at 01-2996137 or 087-2058893.

Yours sincerely,

**Noel Heffernan
