Record of Executive Business and Chief Executive's Order

Reg. Reference: SD22B/0021 **Application Date:** 21-Jan-2022
Submission Type: New Application **Registration Date:** 21-Jan-2022

Correspondence Name and Address: Kathryn Potterton Architects 120, Leinster Road,
Rathmines, Dublin 6

Proposed Development: Construction of a new single storey extension to the rear of the existing dwelling with pitched tiled roof; minor alterations to front facade including construction of new single storey extension, with lean-to roof to front facade of the existing house; construction of a new two storey extension over existing side extension; converted garage to the side of the house, with pitched tiled roof and rooflights to front and rear and all associated alterations to elevations, interior layouts, site, landscaping, drainage and ancillary works.

Location: 7, Idrone Close, Dublin 16

Applicant Name: Karen & Paul McEvoy

Application Type: Permission

(CM)

Description of Site and Surroundings:

The site accommodates a 2-storey, semi-detached house with pitched roof, finished in brick at ground level and render at first floor level. The house features a converted side garage at ground floor level, which projects out to the front alongside an adjoining porch. The ground floor projection appears to be an original feature and is replicated elsewhere on the site.

The neighbouring house to the east is extended to the front at first floor level (over the garage) and has a large rear extension. A number of houses in the area have been extended above the garages, forward of the main building line.

Site Area: 0.0256 Ha.

Site Visit: 07/03/2022

Proposal:

- Construction of a new **single storey extension to the rear** of the existing dwelling with pitched tiled roof;

Comhairle Chontae Atha Cliath Theas

PR/0353/22

Record of Executive Business and Chief Executive's Order

- minor alterations to front facade including construction of **new single storey extension, with lean-to roof** to front facade of the existing house;
- construction of **a new two storey extension over existing side extension** converted garage to the side of the house, with pitched tiled roof and **rooflights** to front and rear and all associated alterations to elevations, interior layouts, site, landscaping, drainage and ancillary works.

Zoning:

'RES' – 'To protect and/or improve residential amenity.'

Consultations:

Water Services	No objection, subject to conditions.
Irish Water	No objection, subject to conditions.

SEA Screening

No overlap with the relevant environmental layers.

Submissions/Observations /Representations

None.

Relevant Planning History

SD03B/0543 at 9 Idrone Close (site to east) – Permission **granted** for First floor extension over existing garage and kitchen and front porch and canopy.

SD21B/0278 at 5 Idrone Close (site to west) – Permission **granted** for First floor extension to side over existing garage with pitched/apex roof to front; single storey ground floor extension to rear with part monopitch/ part flat roof; garage conversion.

Relevant Enforcement History

None.

Pre-Planning Consultation

None recorded for subject site.

The Planning System and Flood Risk Management - Guidelines for Planning Authorities, Department of the Environment, Heritage and Local Government & OPW, (2009).

Assessment

The main issues for assessment concern the following:

- Zoning and Council policy;
- Residential amenity and visual impact;
- Water
- Screening for Appropriate Assessment
- Screening for Environmental Impact Assessment

Planning Notices

The application notices refer to a “new two storey extension over existing side extension (converted garage)”. It appears from drawings submitted that the proposal is for a single storey of habitable accommodation above the existing side extension (converted garage) and an extension of the existing roof and roof space. The notices appear to be inaccurate therefore however this can be clarified by **condition**.

Zoning and Council Policy

The site is located in an area which is subject to zoning objective ‘RES’ – ‘To protect and/or improve Residential Amenity’. The development of an extension or alteration to a dwelling is permitted in principle subject to its design being in accordance with the relevant provisions in the Development Plan with specific reference to Section 11.3.3 which relates to extensions to dwellings.

Residential Amenity and Visual Impact

The proposed rear extension would be approx. 4.2 metres deep and would match the rear extension of No. 5 (the property to the west). The extension would occupy the western half of the site to the rear of the house, leaving considerable separation with the site to the east. Proposed with a mono-pitched roof, the extension would have a roof height ranging from 3 to 3.7m. Stylistically, it would match the rear extension of No. 5. It would accommodate a new dining area within the combined kitchen/dining room. Overall, the proposed rear extension is considered to be acceptable.

The proposed first floor extension above the existing side extension/converted garage would project out beyond the main building line of the house by about 1.2 metres, as per the existing projection of the garage. This feature can be found on other houses in the area including No. 9, permitted in 2003. The projecting side extension would therefore not be out of character and would not be injurious to adjoining properties or the amenities of the area.

Comhairle Chontae Atha Cliath Theas

PR/0353/22

Record of Executive Business and Chief Executive's Order

The other proposed change to the front of the house would see the lean-to roof and forward projection of the porch continued along the length of the front façade, to provide a front extension to the living room. This extension would be in keeping with the character of the area and would not be injurious to adjoining properties.

The proposed rooflights are considered visually acceptable and would not adversely impact residential amenity.

Water

The Environmental Services Department states no objection, subject to standard conditions. Irish Water also stated no objection, subject to works meeting their standards.

Screening for Appropriate Assessment

Having regard to the scale and nature of the development, connection to public services and the distance from Natura 2000 sites, it is considered that the proposed development would not be likely to have a significant effect individually or in combination with other plans or projects on a European site.

Screening for Environmental Impact Assessment

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Other Considerations

The proposed development provides for alterations and extension to an existing house.

Proposed extension (not including non-habitable attic): 35.7sq.m.

Existing Extensions: Nil

Allowance for residential extensions: 40sq.m.

Assessable Area: Nil.

SEA Monitoring:

Development Type: Residential

Floor Area: 35.7sq.m

Site Type: Brownfield/Urban Consolidation

Site Area: 0.0256 Ha.

Conclusion

The proposed development would not be seriously injurious to the adjoining or any surrounding properties, or the residential character of the area, and subject to the conditions attached

Comhairle Chontae Atha Cliath Theas

PR/0353/22

Record of Executive Business and Chief Executive's Order

herewith, would comply with the 'RES' land-use zoning objective and the other relevant policies of the South Dublin County Development Plan 2016 – 2022, and would generally accord with the proper planning and sustainable development of the area.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons

1. Development in accordance with submitted plans and details.
 - (a) The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.
 - (b) Notwithstanding the wording of the Site Notice and the Newspaper Notice, the side extension above the garage conversion shall accommodate one storey of habitable accommodation at first floor level, as per the drawings submitted with the application.
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. (a) External Finishes.
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.
REASON: In the interest of visual amenity.
 - (b) Restriction on Use.
The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single

Comhairle Chontae Atha Cliath Theas

PR/0353/22

Record of Executive Business and Chief Executive's Order

dwelling unit.

REASON: To prevent unauthorised development.

(c) Drainage - Irish Water.

(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and

Comhairle Chontae Atha Cliath Theas

PR/0353/22

Record of Executive Business and Chief Executive's Order

Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Adequate provision should be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons, including sanitary conveniences. The minimum requirements should be as per Part M of the Building Regulations.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.
