**PR/0373/22**

## Record of Executive Business and Chief Executive's Order

**Reg. Reference:** SD22B/0034      **Application Date:** 28-Jan-2022  
**Submission Type:** New Application      **Registration Date:** 28-Jan-2022

**Correspondence Name and Address:** Robert Coughlan, Coughlan Consulting Engineering  
25, Kiltipper Avenue, Aylesbury, Tallaght, Dublin  
24.

**Proposed Development:** Construction of new slate clad pitched roof structure  
not exceeding 8.950m in height above ground level  
to cover the existing flat roof to include new dormer  
roof over stairwell with frosted window to attic  
landing level; roof light over and 'Velux' window to  
front storage space and all associated site works.

**Location:** 35, The Drive, Millbrook Lawns, Tallaght, Dublin 24

**Applicant Name:** Carl McDonnell

**Application Type:** Permission

(CS)

### **Description of Site and Surroundings:**

Site Area:  
0.018 Ha.

### **Site Description:**

The site contains a 2 storey, mid terrace dwelling located in Millbrook Lawns which is an established residential area adjacent to the Old Bawn Road. The overall terrace comprises of approximately 19 houses. The subject dwelling has a flat roof profile and 'L' shaped footprint, with a 2 storey element projecting to the front and pebble-dash finish. Several adjacent terraced dwellings in the vicinity have an L-shaped footprint and have a pitched roof profile which is very similar to the proposed roof profile. The surrounding streetscapes of Millbrook Lawns as well as along the eastern side of Old Bawn Road are characterised by terraced houses of similar form and appearance. However, recent developments have resulted in the flat roofs converted to pitched roofs taking a very similar form of what is proposed.

### **Proposal:**

- Construction of new slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover the existing flat roof,
- to include new dormer roof over stairwell with frosted window to attic landing level on south facing elevation,
- roof light over and 'Velux' window to front storage space on west facing elevation and all associated site works.

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

- The stated floor area of proposed works is 53sq.m.
- It is noted there is a similar application for the immediately adjoining neighbour to the north (No.35A as per SD22B/0033).

### **SEA Sensitivity:**

No overlap with relevant environmental layers.

### **Zoning:**

The area is zoned Objective 'RES' which seeks 'To protect and/or improve Residential Amenity' in the South Dublin County Council Development Plan 2016 - 2022.

### **Consultations:**

*Surface Water Drainage* – No objections subject to **conditions**.

*Irish Water* – N/A.

### **Submissions/Observations /Representations**

None.

### **Relevant Planning History**

**SD04A/0032:** 35, The Drive, Millbrook Lawns, Tallaght, Dublin 24.

For alteration to existing granted planning permission register reference SD02B/0564. Seeking new semi-detached two storey dwelling house to side of existing house in place of two storey extension and widening existing vehicular access to site to form shared vehicular access between new and existing dwelling on existing corner site. Additional Information submitted - revisions consisting of the following: Removal of existing shed in rear garden of existing house and using existing rear vehicular access to shed for vehicular access for one vehicle to proposed new dwelling and for forming new pedestrian access to site at front to serve new dwelling.

Decision: **GRANT PERMISSION.**

**SD02B/0564:** 35, The Drive, Millbrook Lawns, Tallaght, Dublin 24.

Two storey extension to side and single storey porch and bay window extension to existing house, and for replacement of windows throughout with white pvc, and for changing front finish of house from existing slate finish to a brick finish and dry-dashing all other house elevations. Also for building new shed/garage in rear garden of dwelling and forming new vehicular access to public road from same, and building of new boundary wall to site perimeter.

Decision: **GRANT PERMISSION.**

### ***Adjacent sites***

**SD19B/0126:** 40, Old Bawn Road, Tallaght, Dublin 24.

Construction of slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover existing flat roof, to include new dormer roof over stairwell with frosted window

## **Record of Executive Business and Chief Executive's Order**

to attic landing level on north facing elevation; roof light over and 'Velux' window to front storage space on west facing elevation and all associated site works.

Decision: **decision due 23/05/2019**

**SD19B/0125:** 50, Old Bawn Road, Tallaght, Dublin 24.

Construction of slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover existing flat roof, to include new dormer roof over stairwell with frosted window to attic landing level on south facing elevation; roof light over and 'Velux' window to front storage space on west facing elevation and all associated site works.

Decision: **decision due 23/05/2019.**

**SD18B/0009:** 48, The Crescent, Millbrook Lawns, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover the existing flat roof, to include new dormer roof over stairwell with frosted window to attic landing level, roof light over and 'Velux' window to front storage space and all associated site works.

Decision: **GRANT PERMISSION.**

**SD16B/0142:** 50 The Crescent, Millbrook Lawns, Tallaght, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover the existing flat roof, to include new dormer roof over stairwell with frosted window to attic landing level, roof light over & 'Velux' window to front storage space to south elevation and all associated site works.

Decision: **GRANT PERMISSION.**

**SD16B/0141:** 44, The Crescent, Millbrook Lawns, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.950m in height above ground level to cover the existing flat roof, to include new dormer roof over stairwell with frosted window to attic landing level, roof light over and 'Velux' window to front storage space to south elevation and all associated site works.

Decision: **GRANT PERMISSION.**

**SD16B/0051:** 17, The Crescent, Millbrook Lawns, Dublin 24.

Alterations to driveway entrance & boundary wall at front; extension to existing single storey pitched roof porch extension to front; new single storey pitched roof extension across rear and construction of new slate clad pitched roof structure, not exceeding 8.95m in height above ground level to cover the existing flat roof, to include new dormer roof over stairwell with frosted window to attic landing level, roof light over and 'Velux' window to front storage space to south elevation and all associated site works.

Decision: **GRANT PERMISSION.**

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

**SD15B/0003:** 30, The Drive, Millbrook Lawns, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.95m in height above ground level to cover the existing flat roof; to include new dormer roof over stairwell with frosted window to attic landing level; roof light over and 'Velux' window to front storage space to north elevation and all associated site works.

Decision: **Grant Permission.**

**SD14B/0317:** 32, The Wood, Millbrook Lawns, Dublin 24.

Alterations and extensions to existing two storey end of terrace dwelling comprising: construction of a single storey extension to side and rear resulting in an increase in habitable floor area from 82.2sq.m to 152.5sq.m; consequential internal and elevational alterations; raising of existing side (west) boundary wall (behind front building line) and rear (north) boundary wall to 2m above adjoining public or private pavements; all associated site and landscaping works.

Decision: **Grant Permission.**

**SD14B/0298:** 34, The Crescent, Millbrook Lawns, Tallaght, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.95m in height above ground level to cover the existing flat roof; new dormer roof over stairwell with frosted window to attic landing level; roof light over and 'Velux' window to front storage space to north elevation; all associated site works.

Decision: **REFUSE PERMISSION.**

### **Reasons for Refusal: April 2015**

The applicant has not demonstrated sufficient legal interest to carry out the proposed development in its entirety, specifically all matters relating to the building up of the party wall of adjoining dwelling No. 36. Because of this, such development would adversely impact on the residential amenity of adjoining dwelling No. 36 and be contrary to the zoning objective of the area which seeks to 'To protect and/or improve Residential Amenity'.

### **Appealed to A.B.P, April 2015:**

**Decision : Refusal.**

### **Reasons and Consideration :**

1. It is considered that the quantity of private open space retained to the rear of the development would be inadequate to provide for a sufficient level of residential amenity for the proposed dwelling, as modified and would be contrary to the standards for such development set out in Appendix 5 of the South Dublin County Development Plan 2011-2017. The proposed development would therefore, be contrary to the proper planning and sustainable development of the area.
2. The applicant has not demonstrated sufficient legal interest to carry out the proposed development in its entirety, specifically all matters relating to the building up of the party

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

wall adjoining dwelling No. 36 The Crescent. The proposed development would adversely impact on the residential amenity of the adjoining dwelling and would, therefore be contrary to the zoning objective of the area which seeks "To protect and/or improve Residential Amenity".

**SD13B/0196:** 34, The Crescent, Millbrook Lawns, Tallaght, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.95m in height above ground level to cover the existing flat roof to include new dormer roof over stairwell with frosted window to attic landing level; roof light over and 'Velux' window to front storage space to north elevation and all associated site works.

Decision: **GRANT PERMISSION.**

**SD13B/0195:** 28, The Crescent, Millbrook Lawns, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.95m in height above ground level to cover the existing flat roof to include new dormer roof over stairwell with frosted window to attic landing level; roof light over and 'Velux' window to front storage space to north.

Decision: **GRANT PERMISSION.**

**SD13B/0192:** 26, The Crescent, Millbrook Lawns, Dublin 24.

Construction of new slate clad pitched roof structure not exceeding 8.95m in height above ground level to cover the existing flat roof to include new dormer roof over stairwell with frosted window to attic landing level; roof light over and 'Velux' window to front storage space to north elevation and all associated site works.

Decision: **GRANT PERMISSION.**

**SD10B/0131:** 94, Old Bawn Road, Tallaght, Dublin 24.

Alterations to previously approved new roof structure (Reg. Ref. SD09B/0252) to include new dormer roof over stairwell complete with new frosted window at attic landing level to south elevation & associated rooflight over.

Decision: **GRANT PERMISSION.**

**SD10B/0127:** 86, Old Bawn Road, Tallaght, Dublin 24.

Alterations to previously approved new roof structure (Reg. Ref. SD09B/0250) to include new dormer roof over stairwell complete with new frosted window at attic landing level to south elevation & associated rooflight over.

Decision: **GRANT PERMISSION.**

**SD10B/0126:** 84, Old Bawn Road, Tallaght, Dublin 24.

Alterations to previously approved new roof structure (Reg. Ref. SD09B/0249) to include new dormer roof over stairwell complete with new frosted window at attic landing level to north elevation & associated rooflight over.

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

Decision: **GRANT PERMISSION.**

**SD08B/0002:** 26,28,30 & 32 Millbrook Lawns, Tallaght, Dublin 24.

Replace existing flat roof with new tiled pitched roof forming 2 new rooms in new roofspace with 1 'Velux' rooflight to front and 3 at rear and Mansard type roof and window to part of front elevation at 26,28, 30 & 32 Millbrook Lawns for M. Bermingham, M. Rafferty, M. Phillips & J. McNicholas.

Decision: **REFUSE PERMISSION February 2008.**

### **Reasons for Refusal:**

1. The proposed development provides for an additional floor of accommodation and would double the height of the subject dwellings and overbear surrounding dwellings.  
Within the context of surrounding low rise 2 storey flat roof dwellings, the proposed development would be incongruous to the form and design of surrounding dwellings and would contravene Section 12.4.2 of the South Dublin County Council Development Plan (2004) Development Plan and the zoning objective of the application site and the surrounding area (which sets out to protect and / or improve Residential Amenity) in this regard.  
The proposal would also set an undesirable precedent for other similar developments, which would in themselves and cumulatively be harmful to the residential amenities of the area and be contrary to the proper planning and sustainable development of the area.
2. The height of the proposed high level roof structures (at 5 metres) would be out of proportion with the subject dwellings and would be visually dominant and obtrusive. This would adversely impact on the visual outlook of surrounding dwellings especially Nos. 16 – 24 the Crescent Millbrook Lawns. Therefore, the proposal would seriously injure the amenities, depreciate the value of property in the vicinity and contravene the zoning objective of the application site and the surrounding area in this regard. The development would also contravene the South Dublin County Council Development Plan Objective (Section 12.2 - General Design Considerations), which sets to ensure that new development is designed so as to enhance the appearance of the County and to provide an attractive environment.
3. The proposed 5.1 metre high structures would adversely impact on the private amenity space to the rear of the subject dwellings and to the rear of surrounding dwellings to the east, north east and north (especially No. 34 The Crescent and Nos. 11, 13, 15 and 17 The Drive) by way of overshadowing in the afternoon and evening.  
The proposed dormer windows and low level roof lights (which would afford views of the surrounding area) and their quantum would adversely impact on the private amenity space of No. 13 The Crescent and Nos. 11, 13, 15 and 17 The Drive by way of overlooking and perceived overlooking.

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

The proposed development would contravene Section 12.4.2 of the South Dublin County Council Development Plan (2004) and the zoning objective of the application site and the surrounding area in this regard. The proposal would, therefore, seriously injure the amenities and depreciate the value of property in the vicinity.

### **Relevant Enforcement History:**

None traced.

### **Pre-Planning Consultation:**

None recorded.

### **Relevant Policy in South Dublin County Council Development Plan 2016 - 2022**

*Section 2.4.1 Residential Extensions*

*Policy H18 Residential Extensions*

It is the policy of the Council to support the extension of existing dwellings subject to the protection of residential and visual amenities.

*Policy H18 Objective 2:*

To favourably consider proposals to extend existing dwellings subject to the protection of residential and visual amenities and compliance with the standards set out in Chapter 11 Implementation and the guidance set out in the South Dublin County Council House Extension Design Guide, 2010 (or any superseding guidelines).

*Section 11.3.1 Residential*

*Section 11.3.1 (iv) Dwelling Standards*

*Section 11.3.1 (v) Privacy*

*Section 11.3.3(i) Additional Accommodation - Extensions.*

The design of residential extensions should accord with the South Dublin County Council House Extension Guide (2010) or any superseding standards.

The House Extension Design Guide, *Section 4:*

- *Outside space*
- *Do not overlook, overshadow or have an overbearing impact on neighbouring properties*
- *Rear extension*

*Section 11.4.2 Car Parking Standards*

*Table 11.24 Maximum Parking Rates (Residential Development)*

*Section 11.4.4 Car Parking Design and Layout*

*Section 11.7.2 Energy Performance in New Buildings*

*Section 11.8.2 Appropriate Assessment*

# Comhairle Chontae Atha Cliath Theas

PR/0373/22

## Record of Executive Business and Chief Executive's Order

*South Dublin County Council House Extension Design Guide (2010)*

### Relevant Government Guidelines

*Sustainable Residential Development in Urban Areas - Guidelines for Planning Authorities*, Department of the Environment, Heritage and Local Government (2008).

*Quality Housing for Sustainable Communities-Best Practice Guidelines*, Department of the Environment, Heritage and Local Government, (2007).

### Assessment

The main issues for assessment relate to the following;

- Zoning and Council policy,
- Residential and Visual Amenity,
- Services & Drainage,
- Screening for Appropriate Assessment (AA),
- Screening for Environmental Impact Assessment (EIAR).

### *Zoning and Council Policy*

The site is located in an area which is zoned 'RES' which seeks 'To protect and/or improve Residential Amenity'. The use class 'Residential' is 'permitted in principle' under this zoning objective as detailed in the Zoning Objective Matrix in the Development Plan 2016 – 2022. As such, the development of an extension to a dwelling and change in roof profile is permitted in principle subject to compliance with the relevant policies, standards and requirements of the County Development Plan 2016 – 2022, which are addressed below.

### *Residential and visual amenity,*

The subject dwelling is located within a terrace of approximately 19 houses. There have been a number of similar development proposals both as groupings and as individual sites (most of which have been completed) in the wider Old Bawn Road and Millbrook Lawns area. At present there are concurrent applications for the same development for No's 35 (SD22B/0034 this current application and No. 35A SD22B/0033).

The proposal is for a new slate clad pitched roof structure over the existing flat roof of the dwelling. The proposed new roof has a pitched profile incorporating a side facing dormer window. The new roof increases the roof ridge height of the dwelling from approximately 5.165 metres to a maximum ridge height of approximately 8.68m metres when measured externally from ground level. An increase of approximately 3.5 metres.

The new pitched roof to the front of the dwelling incorporates a side dormer window. In the event of a grant a **condition** shall be attached that the proposed south facing side dormer window will be obscure glazing so as not to adversely impact on the neighbouring dwelling by way of overlooking or loss of privacy. The proposed new roof will provide 'attic space' at attic level.

# Comhairle Chontae Atha Cliath Theas

PR/0373/22

## Record of Executive Business and Chief Executive's Order

The proposed development would integrate very well with the immediately adjoining property (No.35A) and considering No.35A is proposing a very similar if not identical development under reg. ref. SD22B/0033) this current proposal would be complementary. As a considerable number of dwellings in this terrace have established a pitched roof this application would harmonise and would be in character with nearby neighbouring dwellings.

Having reviewed the drawings submitted and the relevant planning history of adjacent sites which has set precedent for this type of development in the vicinity, it is considered that the proposed roof extension to the dwelling would not be visually intrusive on the streetscape or adversely impact on the amenities of the surrounding area. The proposal is consistent with permitted and constructed roof extensions to dwellings along Old Bawn Road, The Crescent and The Drive within Millbrook Lawns Estate, which establish a precedent for the proposed development.

Notwithstanding the above, it is considered that in the event of a grant of permission a **condition** should be imposed requiring that prior to the commencement of development on the site, the applicant/developer submit for the written agreement of the Planning Authority a **Construction Management Plan** for the proposed development. This Construction Management Plan should include details of construction specifications for the proposal, fire separation, details of all agreements necessary in respect of the building up of the party walls and necessary weather proofing.

### *Services & Drainage*

Surface Water Drainage has no objection, subject to **conditions**. Irish Water has stated the application is not applicable in this instance. An extract taken from the Surface Water Drainage report states the following:

*Surface Water Report: No Objection Subject to:*

*All works shall comply with the Building Regulations -Technical guidance document- Part H Drainage and Wastewater disposal*

*Flood Risk Report: No objection subject to:*

*The Developer shall ensure that there is complete separation of the foul and surface water drainage for the proposed development.*

*All works for this development shall comply with the requirements of the Greater Dublin Regional Code of Practice for Drainage Works.*

It is considered appropriate to attach the above **conditions** in the event of a grant.

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

### ***Screening for Appropriate Assessment (AA)***

Having regard to the scale and nature of the development, and the distance from Natura sites, it is not considered that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects on a European site, therefore Stage 2 AA is not required.

### ***Screening for Environmental Impact Assessment (EIAR)***

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

### **Other Considerations**

#### ***Development Contributions***

- Development consists of the construction of new roof structure (non-habitable) to cover the existing flat roof providing an additional storey measuring 53sq.m.
- No previous extension
- Assessable area is nil.

<b>SEA Monitoring Information</b>	
<b>Building Use Type Proposed</b>	<b>Floor Area (sq.m.)</b>
Residential – Extension	53
<b>Land Type</b>	<b>Site Area (Ha.)</b>
Brownfield/Urban Consolidation	0.018

### **Conclusion**

Subject to a condition requiring an agreed Construction Management Plan, it is considered that the proposed roof profile is complementary to the design of the dwelling. The proposed development, in conjunction with the concurrent applications will be a visual improvement to the area and accord with the residential zoning objective and the South Dublin County Council Development Plan 2016-2022.

### **Recommendation**

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

# **Comhairle Chontae Atha Cliath Theas**

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

### **FIRST SCHEDULE**

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

### **SECOND SCHEDULE**

#### **Conditions and Reasons**

1. Development in accordance with submitted plans and details.  
The development shall be carried out and completed in its entirety fully in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.  
REASON: To ensure that the development shall be in accordance with the permission and that effective control be maintained.
2. Restriction on Use.  
The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.  
REASON: To prevent unauthorised development.
3. Construction Management Plan.  
No development shall take place under this permission until the applicant, developer or owner has lodged to the Planning Authority:  
A Construction Management Plan for the proposed development.  
This Construction Management Plan shall include details of construction specifications for the proposal, fire separation, details of all agreements necessary in respect of the building up of the party walls and necessary weather proofing.  
REASON: In the interests of visual and residential amenity.
4. Drainage - Irish Water.
  - (i) All works shall comply with the Building Regulations -Technical guidance document- Part H Drainage and Wastewater disposal
  - (ii) The Developer shall ensure that there is complete separation of the foul and surface water drainage for the proposed development.
  - (iii) All works for this development shall comply with the requirements of the Greater Dublin Regional Code of Practice for Drainage Works.
  - (iv) The water supply and drainage infrastructure, shall comply with the requirements of

# Comhairle Chontae Atha Cliath Theas

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

Irish Water.

(v) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

5. Amendments - Glazing.

The following amendment to the design shall be carried out:

The attic level (dormer) window on the north elevation shall be fitted with obscure glazing, and such obscure glazing shall be maintained in perpetuity.

REASON: In the interest of residential amenity.

6. Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

7. Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, no Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall be operated on the site before 7.00 hours on weekdays and 9.00 hours on Saturdays nor after 19.00 hours on weekdays and 13.00 hours on Saturdays, nor at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect

# **Comhairle Chontae Atha Cliath Theas**

**PR/0373/22**

## **Record of Executive Business and Chief Executive's Order**

of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Where the applicant proposes to connect to a public water/wastewater network operated by Irish Water, the applicant must sign a connection agreement with Irish Water prior to the commencement of the development and adhere to the standards and conditions set out in that agreement.

NOTE: The applicant is advised that, in order to use the attic conversion as a habitable room, it must comply with the Building Regulations.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Waste, arising from the site, must be kept to a minimum, segregated where appropriate, and disposed in accordance with the Waste Management Regulations 2007, as amended. Transport of such waste, must be by an authorised waste permit holder. Waste disposal records must be maintained and made available, for inspection by Authorised Persons appointed under the Waste Management Act 1996, as amended. A Waste Transfer Form shall accompany the transportation of all hazardous waste arising from the construction works.
