1. Having regard to the permanent removal of all on-site car parking provision, the proposed development of the side extension would result in the removal of all on site car parking and create pressure on existing shared car parking spaces, would contribute to haphazard parking, the endangerment of public safety by reason of a traffic hazard and adversely impact on the quality of the street environment. The proposed development would be contrary to terms and conditions of the parent permission. The development would set an undesirable pattern of development for the removal of existing on-site car parking spaces on similar sites. The proposed development would adversely impact on the residential amenity of the area and would be contrary to the South Dublin County Development Plan 2016-2022 and the proper planning and sustainable development of the area.
