Record of Executive Business and Chief Executive's Order

Reg. Reference: SD22B/0081 **Application Date:** 22-Feb-2022
Submission Type: New Application **Registration Date:** 22-Feb-2022
Correspondence Name and Address: Carol Forbes 38, Larkfield Avenue, Lucan, Co. Dublin
Proposed Development: Construction of a new single storey extension to the front of existing dwelling comprising of living room extension and porch.
Location: 34, Tamarisk Drive, Dublin 24
Applicant Name: Ronan & Nicola O'Reilly
Application Type: Permission

(NM)

Description of Site and Surroundings:

Site Area: 0.0242ha

Site Visit: 31/3/2022

Site Description

The application is situated in Tamarisk Drive which is an established residential area in Tallaght. The dwelling is a two-storey semi-detached property with a gable pitched roof. Other houses in the vicinity are similarly designed with a predominately uniform building line.

Proposal

Seeking permission for

- Construction of a new single storey extension to the front of existing dwelling comprising of living room extension and porch.
- Total area of proposed development 6.42sq.m

Zoning

The subject site is subject to zoning objective 'RES' - 'To protect and / or improve Residential Amenity'.

Consultations

Water Services – No objection subject to standard conditions.

Irish Water – No objection subject to standard conditions.

Relevant Policy in South Dublin County Council Development Plan 2016 - 2022

Section 2.4.1 Residential Extensions

Policy H18 Residential Extensions

- It is the policy of the Council to support the extension of existing dwellings subject to the protection of residential and visual amenities.

Policy H18 Objective 2:

- To favourably consider proposals to extend existing dwellings subject to the protection of residential and visual amenities and compliance with the standards set out in Chapter 11

Comhairle Chontae Atha Cliath Theas

PR/0496/22

Record of Executive Business and Chief Executive's Order

Implementation and the guidance set out in the South Dublin County Council House Extension Design Guide, 2010 (or any superseding guidelines).

Section 11.2.7 Building Height

Section 11.3.1 Residential

Section 11.3.1 (iv) Dwelling Standards

Section 11.3.1 (v) Privacy

Section 11.3.3 Additional Accommodation

Section 11.3.3 (I) Extensions

Section 11.4.2 Car Parking Standards

Table 11.24 Maximum Parking Rates (Residential Development)

Section 11.4.4 Car Parking Design and Layout

Section 11.7.2 Energy Performance in New Buildings

Section 11.8.2 Appropriate Assessment

The design of residential extensions should accord with the South Dublin County Council House Extension Guide (2010) or any superseding standards.

Front extensions

- *Keep the extension simple and complementary to the style of the house by reflecting the style and details of the main house, e.g. window location, shape, type, proportion and sill details.*
- *Reflect the roof shape and slope of the main house.*
- *Match or complement the materials used in the main house.*
- *Try to maintain a minimum driveway length of 6m.*
- *Avoid extensions that are dominant or overlarge in relation to the scale and appearance of the house.*
- *Avoid building an extension more than 1.5m in front of the existing front wall of the house if there is a regular building line along the street.*

Assessment

The main issues for assessment relate to:

- Zoning and Council policy,
- Residential and visual amenity
- Services and drainage
- Appropriate Assessment
- Environmental Impact Assessment (EIAR)

Zoning and Council Policy

A single storey extension to the front of an existing dwelling would be consistent in principle with zoning objective 'RES' and would generally be in compliance with Council policy in relation to extensions to dwelling houses, as set out in South Dublin County Council House Extension Design Guide (2010), and in the Development Plan.

Residential and Visual Amenity

Residential

The proposal would provide 6.42sq.m of residential space to the front of the existing dwelling creating additional space in the living room and a porch. The dwelling is a three bed, two-storey, semi-detached property and the proposed development would help to ensure that the house meets the current and future needs of families. The proposal should not have an adverse effect on the residential amenity of the dwellings in the immediate vicinity and it is considered appropriate.

Visual

The proposed development has a lean to roof with a ridge height of 3.375m at its highest point dropping to 2.45m at its lowest. It extends 1.5m out from the existing front elevation and across the entire width of the property. It is considered that this is not overbearing and would not lead to substantial overshadowing of the attached unit to the northwest. It is proposed that the front ground floor façade will be brick clad to match the existing and other properties on the immediate area. The side elevation to the southeast is to be rendered to match the existing as will the roof tiles. The proposed new window will also match the existing, but it is intended that the front door will have a glazed panel either side which is unlike the other units in the vicinity that only have a glazed panel on one side of the front door. This is not considered unacceptable and should be sympathetic to the surrounds and it is considered that the proposed development would not have an adverse effect on the visual amenity of the area.

At a 1.5m projection the proposal would comply with Council policy on front extension.

Comhairle Chontae Atha Cliath Theas

Record of Executive Business and Chief Executive's Order

Water Services Drainage

Both reports from Water Services and Irish Water had no objection subject to conditions which shall be applied in the event of a grant of permission.

Appropriate Assessment

Having regard to the scale and nature of the development, connection to public services and the distance from Natura sites, it is not considered that the proposed development would be likely to have a significant effect individually or in combination with other plans or projects on a European site.

Environmental Impact Assessment

Having regard to the modest nature of the proposed development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Conclusion

Having regard to the provisions of the South Dublin County Council Development Plan, the South Dublin County Council House Extension Design Guide (2010), the location of the site and the established pattern of development in the area, the overall design and scale of the development proposed, it is considered that, subject to the conditions set out below, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said

Comhairle Chontae Atha Cliath Theas

PR/0496/22

Record of Executive Business and Chief Executive's Order

development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons

1. Development to be in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application save as may be required by the other conditions attached hereto.
REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.
2. (a) External Finishes.
All external finishes shall harmonise in colour or texture that is complementary to the house or its context.
REASON: In the interest of visual amenity.

(b) Restriction on Use.
The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.
REASON: To prevent unauthorised development.

(c) Drainage - Irish Water.
 - (i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.
 - (ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.
 - (iii) All drainage works for this development shall comply fully with the Greater Dublin

Comhairle Chontae Atha Cliath Theas

PR/0496/22

Record of Executive Business and Chief Executive's Order

Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

Comhairle Chontae Atha Cliath Theas

PR/0496/22

Record of Executive Business and Chief Executive's Order

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Adequate provision should be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons, including sanitary conveniences. The minimum requirements should be as per Part M of the Building Regulations.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.
