Record of Executive Business and Chief Executive's Order

Reg. Reference: SD22B/0096 **Application Date:** 02-Mar-2022
Submission Type: New Application **Registration Date:** 02-Mar-2022
Correspondence Name and Address: Graham McNevin 3, Killakee Gardens, Firhouse, Dublin 24
Proposed Development: Conversion of attic space to non-habitable space; raising of gable to mini-hip; dormer to rear; velux to front & all associated site works to existing dwelling.
Location: 27, Killakee Park, Dublin 24
Applicant Name: Rob Dowling
Application Type: Permission

(NM)

Description of Site and Surroundings:

Site Area: Stated as 0.023 Hectares.

Site Visit: 31/03/2022

Site Description

The site contains a two-storey, semi-detached dwelling with a hipped roof. The area is primarily residential in nature with a uniform building line.

Proposal

Permission is being sought for

- Conversion of attic space to non-habitable space;
- Raising of gable to mini-hip;
- Dormer to rear;
- 'Velux' to front & all associated site works to existing dwelling.
- Area of works 20sq.m.

Zoning

The subject site is subject to zoning objective 'RES' - *'To protect and / or improve Residential Amenity'*.

Consultations

Water Services – No objections subject to standard conditions.

Irish Water – Not applicable.

Section 11.8.2 Appropriate Assessment

South Dublin County Council House Extension Design Guide (2010)

- *Use materials to match the existing wall or roof materials of the main house.*
- *Locate dormer windows below the ridge of the roof, even if the roof has a shallow pitch.*
- *Locate dormer windows as far back as possible from the eaves line (at least three tile courses).*

Relevant Government Guidelines:

Project Ireland 2040 National Planning Framework, Government of Ireland, 2018.

Urban Design Manual: A Best Practice Guide, A Companion Document to the Guidelines for Planning Authorities on Sustainable Residential Development in Urban Areas, Department of the Environment, Heritage and Local Government, (2008).

Guidelines for Planning Authorities on Sustainable Residential Development in Urban Areas, Department of the Environment and Local Government (2009).

Assessment

The main issues for assessment relate to:

- Zoning and Council policy,
- Residential and visual amenity,
- Service water and drainage
- Screening for Appropriate Assessment
- Environmental Impact Assessment

Zoning and Council Policy

A development comprising of a conversion of an attic space, dormer window and changing the roof profile is consistent in principle with zoning objective 'RES' – 'To protect and/or improve residential amenity', subject to the relevant provisions in the County Development Plan 2016-2022 and the House Extension Design Guide.

Residential and Visual Amenity

Residential

The proposal calls for the conversion of the attic space and development of a rear dormer window to provide approximately 20sqm of non-habitable storage space. It should not result in overshadowing or overlooking of the attached unit to the north or adjacent unit to the south. It is proposed that there is a new window on the first floor of the gable wall to the south which should

Comhairle Chontae Atha Cliath Theas

PR/0537/22

Record of Executive Business and Chief Executive's Order

be obscured by **condition**. Overall, the proposed development should not injure the residential amenity of the area.

Visual

The proposal requires the gable wall height being increased and the creation of mini-hip from the existing hip pitched roof. There are a number of dwellings in the vicinity that have similar roof changes.

The rear dormer to the west is set below the ridgeline and approximately two tile courses above the eaves height. This should be increased to a minimum of three tile courses by **condition**. It will be rendered to match the existing dwelling with a zinc flat roof and should not be overbearing or out of character for the area. It protrudes 3.6m approximately including the parapet and 3.4m wide and inset approximately 600mm from the attached property to the north. There will be a new 'Velux' style rooflight on the roof to the front (east) elevation which is considered appropriate development. The proposed should not seriously injure the visual amenity of the area.

Water Services

Surface Water Report

No objection subject to standard conditions.

Flood Risk Report

No objection subject to standard conditions.

Water Report and Foul Water Report

Not applicable

Conclusion

It is considered appropriate that the above recommendations be dealt with by way of **conditions**.

Screening for Appropriate Assessment

Having regard to the scale and nature of the development, connection to public services and the distance from Natura sites, it is considered that the development would not be likely to have a significant effect individually or in combination with other plans or projects on a European site.

Environmental Impact Assessment

Having regard to the modest nature of the development, and the distance of the site from nearby sensitive receptors, there is no real likelihood of significant effects on the environment arising from the proposed development. The need for environmental impact assessment can, therefore, be excluded at preliminary examination and a screening determination is not required.

Site Area: 0.023 Hectares

Conclusion

Having regard to the provisions of the South Dublin County Council Development Plan and the overall design and scale of the development proposed it is considered that, subject to the conditions set out, the proposed development would not seriously injure the amenities of the area or of property in the vicinity and would, therefore, be in accordance with the proper planning and sustainable development of the area.

Recommendation

I recommend that a decision be made pursuant to the Planning & Development Act 2000, as amended, for the reasons set out in the First Schedule hereto, to Grant Permission for the said development in accordance with the said plans and particulars, subject to the condition(s) specified in the Second Schedule hereto, the reasons for the imposition of the said condition(s) being as set out in the said Second Schedule.

FIRST SCHEDULE

It is considered that the proposed development accords with the policies and objectives of South Dublin County Council, as set out in the South Dublin County Council Development Plan 2016 - 2022 and subject to the conditions set out hereunder in the Second Schedule is hereby in accordance with the proper planning and sustainable development of the area.

SECOND SCHEDULE

Conditions and Reasons

1. Development to be in accordance with submitted plans and details.
The development shall be carried out and completed in its entirety in accordance with the plans, particulars and specifications lodged with the application, save as may be required by the other conditions attached hereto.

Comhairle Chontae Atha Cliath Theas

PR/0537/22

Record of Executive Business and Chief Executive's Order

REASON: To ensure that the development shall be in accordance with the permission, and that effective control be maintained.

2. Revised drawings.

Prior to the commencement of development revised drawings shall be submitted to the Planning Authority for written agreement showing the dormer window set back a minimum of three tile course from the eaves and such agreed drawings shall be implemented on site.

REASON: In the interest of visual amenity.

3. Amendments - Glazing.

The window on the southern elevation shall be fitted with obscure glazing, and such obscure glazing shall be maintained in perpetuity.

REASON: In the interest of residential amenity.

4. (a) External Finishes.

All external finishes shall harmonise in colour or texture that is complementary to the house or its context.

REASON: In the interest of visual amenity.

(b) Restriction on Use.

The house and the proposed extension shall be jointly used as a single dwelling unit for residential purposes and shall not be sub-divided or used for any commercial purposes, and the extension shall not be sold, let (including short-term letting), leased or otherwise transferred or conveyed, by way of sale, letting or otherwise save as part of the single dwelling unit.

REASON: To prevent unauthorised development.

(c) Drainage - Irish Water.

(i) The water supply and drainage infrastructure, shall comply with the requirements of Irish Water.

(ii) There shall be complete separation of the foul and surface water drainage systems, both in respect of installation and use. All new precast surface water manholes shall have a minimum thickness surround of 150mm Concrete Class B.

(iii) All drainage works for this development shall comply fully with the Greater Dublin Regional Code of Practice for Drainage Works.

REASON: In the interests of public health, the proper planning and sustainable development of the area and in order to ensure adequate water supply and drainage provision.

(d) Minimise Air Blown Dust.

During the construction and or demolition phase of the development, Best Practicable Means shall be employed to minimise air blown dust being emitted from the site. This

Comhairle Chontae Atha Cliath Theas

PR/0537/22

Record of Executive Business and Chief Executive's Order

shall include covering skips and slack-heaps, netting of scaffolding, daily washing down of pavements or other public areas, and any other precautions necessary to prevent dust nuisances. The applicant/developer shall comply with British Standard B.S. 5228 Noise Control on Construction and Open sites and British Standard B.S. 6187 Code of Practice for demolition.

REASON: In the interest of public health and to uphold the Council's policies set out in the South Dublin County Council Development Plan.

(e) Construction Noise and Hours.

To control, limit and prevent the generation of unacceptable levels of Environmental Noise Pollution from occurring during construction activity, Equipment or Machinery (to include pneumatic drills, on-site construction vehicles, generators, etc.) that could give rise to unacceptable levels of noise pollution as set out generally for evening and night-time in S.I. No. 140/2006 - Environmental Noise Regulations 2006 shall only be operated on the site between 7.00 hours and 19.00 hours weekdays and between 9.00 hours and 13.00 hours on Saturdays. No works shall take place at any time on Sundays, Bank Holidays or Public Holidays.

Any construction work outside these hours that could give rise to unacceptable levels of noise pollution shall only be permitted following a written request to the Planning Authority and the subsequent receipt of the written consent of the Planning Authority, having regard to the reasonable justification and circumstances and a commitment to minimise as far as practicable any unacceptable noise outside the hours stated above. In this respect, the applicant or developer shall also comply with BS 5228:2009 Noise and Vibration Control on Construction and Open Sites, and have regard to the World Health Organisation (WHO) – Guidelines for Community Noise (1999).

The applicant or developer shall also endeavour to engage in local consultation in respect of any noise sensitive location within 30 metres of the development as approved prior to construction activity commencing on site. Such noise sensitive locations should be provided with the following:

- Schedule of works to include approximate timeframes
- Name and contact details of contractor responsible for managing noise complaints
- Hours of operation- including any scheduled times for the use of equipment likely to be the source of significant noise.

REASON: In the interest of public health by the prevention of unacceptable levels of noise pollution which could interfere with normal sleep and rest patterns and/or when people could reasonably expect a level of quietness, the proper planning and sustainable development of the area and to uphold the Council's amenity policies set out in the South Dublin County Council Development Plan.

Comhairle Chontae Atha Cliath Theas

PR/0537/22

Record of Executive Business and Chief Executive's Order

NOTE: The applicant is advised that under the provisions of Section 34 (13) of the Planning and Development Act 2000 (as amended) a person shall not be entitled solely by reason of a permission to carry out any development.

NOTE: The applicant or developer should ensure that all necessary measures shall be taken by the contractor to prevent the spillage or deposit of clay, rubble or other debris on adjoining roads during the course of the works and to ensure that any such instances arising are remedied immediately.

NOTE: Adequate provision should be made to facilitate access to and the use of the development, buildings, facilities and services by disabled persons, including sanitary conveniences. The minimum requirements should be as per Part M of the Building Regulations.

NOTE: The applicant/developer of these lands is advised that in the event of encroachment or oversailing of adjoining property, the consent of the adjoining property owner is required.

NOTE: Notwithstanding any grant of planning permission; if an applicant requires permission to access local authority land (e.g. public footpaths, public open space or roadways) in order to access utilities, or for any other reason; the applicant should apply via <https://maproadroadworkslicensing.ie/MRL/> for a licence from the Local Authority to carry out those works.

NOTE: the applicant is advised that in order to use the attic as a habitable room it must comply with the Building Regulations
