I wish to object most strongly to this application. I firmly believe that no private organisation or religion should be allowed place any sort of play or other type of equipment in our public parks. This should only be done under the aegis, ownership and control of the council.

The Church of Scientology is already well known for its use of family type events as a tool for proselytism and recruitment. It would be disastrous if this practice were allowed to encroach onto our public spaces through the use of a permanent play type area under their control.

Yours faithfully

Caragh Coote
