"Not just at election time"

Cllr Paul Gogarty, 39 Esker Lawns, Lucan, Co Dublin

28th April, 2022

Ref: SD22A/0113—Change of use for a currently vacant premises to a doctor's consultancy practice with some minor internal alterations

To whom it concerns,

I wish to support the above application. There is precedent for permission being granted given that Dr Harris's GP surgery operated from this location for many years. There is also a shortage of GP services in the Lucan area and this activity is supported in the County Development Plan.

There is adequate parking in the vicinity according to the Council's own traffic surveys and the location is a suitable distance from Lucan Medical Centre.

Trusting this submission can be taken into consideration.

Thanking you for your time and consideration.

Yours sincerely,

Cllr Paul Gogarty
